

# LAUNCH FOOD SAVING PLAN

## Stop-Gap Aid Need In Europe Being Studied

Report U. S. Aid To Europe  
Needed This Year Estimated At \$2,500,000,000

### FRANCE, ITALY NEED MOST HELP

By GEORGE A. DURNO  
(U. S. Staff Correspondent)  
WASHINGTON, Sept. 25.—Federal officials wrestling with European relief have completed a fairly accurate picture today of the urgent stop-gap aid that will be needed before the end of the year.

It was reported to be approximately two billion 500 million, but government spokesmen refused to make public any figure before President Truman's address to Congress next Monday for a show-down conference.

### France-Italy Need Most

State department officials made no bones of the fact that France and Italy are the two countries to whom the greatest assistance must go if they are to get past the winter months and avoid the grasp of Communism.

Britain, hard hit, has been taken care of in other ways, and presently is not on the list of those requiring immediate aid to avoid "catastrophe."

Balance sheets of the worst hit governments in western Europe are now before Washington officials, making possible a fairly complete estimate of the situation as it stands today.

## Lie Detector Proves Suspect Telling Truth

State Police Sergeant Declares Lie  
Detector Sustains Sex Slaying Charge

PITTSBURGH, Sept. 25.—(INS)—State Police Sgt. Freeman Ramer today said a lie detector test in the Allegheny county jail "proved" that John Henry Fay of Marcus Hook, Pa., was telling the truth when he confessed the sex slaying of a five-year-old Norristown, Pa., girl last May 10.

Fay, who had both repudiated and reaffirmed his original confession to the slaying of Little Carol Ann Thompson, was given the test after Montgomery county authorities, disbelieving his statements, had refused to charge him with the crime.

"Telling Truth"

Ramer said:

"There is no doubt in my mind that Fay committed the crime. Everything indicates he is telling the truth."

Ramer said Fay was mentally sound and his reactions were normal, adding:

"He talked freely and gave me details that he has never told before."

The little girl's body was found in a well several hours after her death.

Fay was arrested at McKeesport, Pa., after a rooftop chase following an alleged attack on another five-year-old girl. He had been held in Allegheny county jail when Montgomery county officials doubted his story of the slaying of Little Carol Ann, asserting his confession did not jibe with facts in the case.

## Pa New Observes

West avenue ash road is looking much better today. The city grader was at work on the road on Wednesday, and filled up the chuck holes that had formed in it, giving cars quite a bumpy ride.

### Daily Weather Report

U. S. weather statistics for the 24-hour period ending at 9 o'clock this morning was as follows:  
Maximum temperature, 72.  
Minimum temperature, 49.  
No precipitation.  
River stage, 5.3 feet.

Statistics for the same date a year ago, follow:  
Maximum temperature, 76.  
Minimum temperature, 46.

## Warns France Must Have Loan Before October 15

By J. E. LEE  
(U. S. Staff Correspondent)  
PARIS, Sept. 25.—Premier Paul Ramadier warned sharply today of possible grave developments if France fails to receive a loan from the World Bank or the United States by October 15.

Ramadier told International News Service that he could not be held to account if the money is withheld, adding:

"Otherwise France will have no hopes of solving the problems coming this winter."

Fails To Specify Amount  
Ramadier declined to specify the amount hoped for, and said no

figure had been mentioned during his discussions with U. S. Secretary of Treasury John Snyder which revolved about the general financial situation.

The French leader added that the figure would be worked out in current talks between Foreign Minister Bidault and American officials.

Ramadier made the disclosures after addressing the American club in Paris on the general theme of Franco-American friendship. U. S. Ambassador Jefferson Caffery attended.

In his address, Ramadier likened the American role in Europe to that of the American role in Europe to that

(Continued on Page Two)

## Senator Taft Sees Three Years Aid To Europe

By WILLIAM THEIS  
(U. S. Staff Correspondent)  
SEATTLE, Wash., Sept. 25.—Sen. Robert A. Taft (R) O., set the stage for his important foreign policy speech in Tacoma today by declaring that he favors additional American aid to Europe for "perhaps three years" in the fight against Communism.

Taft's statement bore heavily on the position he will take in congressional action on the Marshall plan. It was made in reply to a question following an informal address before the Seattle Bar Association.

The Ohio senator, who will address the Tacoma world affairs council tonight, told his audience of lawyers that he had felt the Marshall plan would not involve an increase in the amount of assistance now being given stricken Europe—about four billion dollars a year. He added: "I'm inclined to think that recovery in Europe is so slow that we should give some additional assistance."

Perhaps For Three Years

The Ohioan, who generally has followed Senate President Vandenberg (R) Mich., on foreign policy matters, concluded:

"I think we can afford to go on with some assistance—perhaps for three years."

Taft was the first to disclose yesterday that President Truman has asked congressional leaders to confer with him next Monday on the general food crisis.

The senator announced he would not be able to attend the White House meeting because of his current barnstorming tour.

Taft referred to the estimate by the committee of 16 European nations calling for a contribution from the United States of roughly 15 billion dollars to enable those countries to avoid economic collapse. The senator observed:

"That looks kind of high to me but I wouldn't want to say yes or no until I know more about the conditions."

He said the basic fight is between Communism and individual freedom.

## Mothers Resume School Picketing

LEECHBURG, Pa., Sept. 25.—(INS)—Twenty-five irate mothers resumed picketing the Georgetown grade school in Gilpin today when the school board refused to employ an additional teacher.

The 160 pupils were kept from classes, but the mothers permitted the school's five teachers to enter the building.

Petitions will be circulated, a spokesman for the mothers said, and sent to Gov. Duff seeking to press their demands. The demand is for an extra teacher to handle the seventh or eighth grade.

The classes were reported merged last Friday to eliminate the cost of a bus to continue transporting the children to another school.

School Board President Mrs. A. C. Wise, who met with the mothers last night, said the township could not afford an additional teacher. She said more financial help would have to be obtained from the state.

The mothers are scheduled to meet with District Attorney W. A. Ashe today to determine if their picketing activities will subject them to arrest and fines.

## Debate Theme Is Named For College

NEW WILMINGTON, Sept. 24.—"Federated World Government" will be the debate topic for all colleges this year, according to word received by Tau Kappa Alpha from the national debate committee. The Westminster honorary fraternity is getting an early start by beginning to compile material for a special library which they will use this year.

Also evidencing their pre-season enthusiasm is the social which members of the society will hold October 8 at the home of Melvin P. Moorhouse, debate coach.

## Russian Veto On Admittance Of Italy Looms

Gromyko Demands Finland,  
Bulgaria, Romania And  
Hungary Be Admitted  
Simultaneously

### SECURITY COUNCIL ROCKED BY DEMAND

(BULLETIN)  
LAKE SUCCESS, N. Y., Sept. 25.—(INS)—Soviet Delegate Andrei Gromyko today adjourned the Security Council until Monday without calling a vote on any of the applicants for U. N. membership.

LAKE SUCCESS, N. Y., Sept. 25.—(INS)—Soviet delegate Andrei Gromyko announced in the U. N. Security Council today that Russia will consent to the admission of Italy to United Nations membership only on condition that Finland, Bulgaria, Romania and Hungary are accepted simultaneously.

Gromyko's statement rocked the Security Council, and foreshadowed another probable Soviet veto in that body.

The United States and apparently a majority of the delegates are opposed to the entry of Bulgaria, Romania and Hungary.

Formal Motion  
Poland introduced a formal motion to the council to admit all five states in a block after U. S. representative Herschel V. Johnson lauded Italy as a commendable candidate for membership.

Before Gromyko voiced Russia's

(Continued on Page Two)

## Man Is Killed In Tanker Blast At Texas City

TEXAS CITY, Tex., Sept. 25.—(INS)—One man was dead today and several were injured as the result of an explosion aboard an empty oil tanker at Texas City, Tex., scene of one of the nation's worst peace-time disasters last April.

The victim was Albert Bruback, 58, of Pittsburgh, Pa., deck engineer for the tanker Cedar Mountain, which was docked at the Pan American Dock No. 2. That dock is about 500 yards due south of the slip at which the French ship Grand Camp was located April 16 when it exploded.

A turbine blew up aboard the Cedar Mountain, Texas City police said. Bruback was near the turbine at the time.

## President Not Planning Visit To World Series

WASHINGTON, Sept. 25.—(INS)—President Truman said today that he does not plan to attend the world series baseball games between the New York Yankees and the Brooklyn Dodgers.

The President, replying to a question at his news conference, said that he had too many important problems before him for solution and that he could not leave Washington to attend the series.

## Most Unusual Wasp Nest Here

Owen Fox, city forester, relates that it is very unusual to see the nest of the paper wasp built around the trunk and boughs of an Austrian pine tree, as shown in above picture, taken yesterday at Gaston park. The paper wasp is an insect that introduced the first paper that was ever manufactured. This paper is made very thin by this wasp out of particles cut from old fence rails or any wood that has started to decay.

Mr. Fox says that should one of these nests appear in the neighborhood, there is no cause for alarm, as the insects will not harm anyone, if they are not molested. They are useful in eliminating many small injurious pests that infest gardens and fruit, and also dispose of the larvae of these pests during the time the wasps raise their young.

## FROST TONIGHT IS FORECASTED

(By International News Service)  
Another frost will hit western Pennsylvania tonight, the Weatherman said, and probably will be accompanied by temperatures in the low 30's.

The new cool front moving in from the North Central states, is not expected to be as one that chilled the area Tuesday when the unofficial low hit 30 degrees.

## U. S. Would Bar Bulgaria From U.N. Membership

By PIERRE J. HUSS  
(U. S. Staff Correspondent)  
LAKE SUCCESS, N. Y., Sept. 25.—(INS)—The United States is striking back at Bulgaria today for executing agrarian leader Nikola Petkov by leading a fight in the Security Council to bar the Soviet satellite from U. N. membership.

The 11-nation body meets today to reconsider the membership applications of Italy, Hungary, Romania, Finland and Bulgaria.

The council meeting runs concurrently with the inaugural session of the 55 nation Palestine committee, which this morning spearheads the pattern of meetings scheduled for the eight assembly committees over the next six weeks.

But the Security Council, itself one of the central targets in consequence of 20 vetoes cast by the Soviet Union in a year, will steal the main attention of delegates at Lake Success because the entire question of U. N. memberships is involved.

## Eleven Dead In Boat Explosion

Ships Collide In St. Lawrence River, And One  
Explodes And Takes  
Fire

IROQUOIS, Ont., Sept. 25.—(INS)—The death toll rose to 11 today in the explosion aboard the 2,600-ton Collier Milverton after it collided with the Tanker Trans Lake in the St. Lawrence river.

William Robertson of Toronto, second mate, was known dead and ten other members of the 23-man crew were missing and presumed dead.

They included Gordon Roberts, steward, and William Lang, assistant steward, both of Windsor, Ont.

Twelve other members of the crew were in hospitals at Ogdensburg and Massena, N. Y., and Brockville, Ont.

May Burn For Days

The Milverton drifted out of control after the collision and finally came to rest on the "Shelves" near the Rapids Flat Canal. Her skipper, Capt. L. E. Pain, said she might burn for days because of the coal aboard.

Residents along the shore were alerted against a possible explosion of oil on the Translake whose 22-man crew escaped injury.

Virtually every able-bodied male in Iroquois turned out to aid rescue operations.

Eyewitnesses said that after the collision the river was a "mass of flames for miles."

## To Attend P.T.A. Sessions Next Week In Pittsburgh

Quite a number of delegates from this city will attend the 39th annual state convention of the Parent Teachers Association, to be held at the William Penn Hotel in Pittsburgh, September 29, 30, and October 1 and 2.

The first session will be 8 o'clock Monday evening, with sessions each day until Thursday afternoon.

Mrs. Horace Allen, Lawrence County Council president, expects that each unit in the county will be represented at the convention.

DODGES BINGO ISSUE

PITTSBURGH, Sept. 25.—(INS)—District Attorney Artemas C. Leslie today dodged the request of the Presbytery of Pittsburgh to halt bingo games and reiterated that the job was up to police.

The Presbytery earlier asked the district attorney to bring an end to such games and declared it "violated the law under the guise of charity or religion."

Leslie told Walter L. Moses, state clerk of the church organization, that he was not a police officer and that the enforcement of laws is a responsibility of local police officials.

## Cut-ups Seeks To Hold Hemline

"Hold that hemline!" is the student yell at Cleveland's Parker High school as cut-ups, bearing scissors, go about snipping inches from long skirts. Here Miss Bobbie Renner (with snippers), goes to work on Helen Ladd, whose skirts were considered too long.

## Present Complete Plans For New City Building

When council met Thursday morning in city hall, they received, for the first time, from Eckles & Thayer, associated architects of New Castle, the working drawings and specifications for the completion of the new city building, which is being constructed at North Jefferson and Grant streets.

They were referred to Finance Director Albert A. Hoyland, Property Director Joseph D. Alexander, and the legal department, for checking and a report to council.

"We are ready whenever you wish to proceed with the construction of the building," the architects wrote.

When council was asked when the super-structure would be started, Mayor John F. Haven replied that the drawings and specifications must first be approved, following which bids will be asked.

Start Next Spring  
He inferred that bids would not be asked until next year so that, an early start can be made next spring. He pointed out that, winter construction would cost, at least, 10 percent, greater than at any other time.

Eckles & Thayer's letter to council stated that "these (plans and specifications) have been made up in accordance with the approved preliminary drawings and your (council) directions."

The architects then presented a statement as follows: Preparing working drawings and specifications for new city building 3 percent of \$50,000 approximate cost of super-structure, \$12,500. Preparing drawings and supervision of foundation contract, \$2,250, or a total of \$14,750.

Some Payments Made  
Payments made on account, October 1946, \$3,600 and June, 1947, \$1,734 or a total of \$5,334, which leaves a balance unpaid of \$5,516.

The sub-basement already has been completed and grading accomplished. Only footers remain to be placed.

As graded it will be the basement flooring, a concrete slab already having been laid.

The building, with stone facing, and the balance of brick, will be two stories above the ground in the front (North Jefferson street) and rear, three stories, and if the sub-basement is figured, four stories.

## Denies Criminal Attack On Girl Before Murder

PHILADELPHIA, Sept. 25.—(INS)—George A. Neill, 22, denied today that he criminally attacked his 11-year-old niece, Isabel Mallon, before he strangled her on a vacant lot in North Philadelphia.

"I just murdered her," Neill declared at his arraignment before Magistrate Jules Forstner. He was held without bail for action by the coroner.

Assistant District Attorney Leonard M. Propper termed the suspect "the lowest type of criminal in the state of Pennsylvania."

The arraignment followed a dramatic re-enactment of the slaying by the tiny victim's uncle.

## Truman Calls On American People To Aid Europe

Urges All To "Eat Less" In  
Order To Provide More  
Food For Europe

### CONSIDER NECESSITY OF CONGRESS SESSION

(BULLETIN)  
WASHINGTON, Sept. 25.—(INS)—President Truman said today that Congress may find it necessary to return the nation to wartime rationing and food control.

The Chief Executive also foresaw the possibility of a special session of Congress to meet the economic crisis in Europe, but said he hoped to avoid one.

At the same time Mr. Truman named a special citizens committee to work out a nation-wide food conservation program aimed at tightening America's belt to aid the world's hungry.

By ROBERT G. NIXON  
(U. S. Staff Correspondent)

### WASHINGTON, Sept. 25

—President Truman today called upon the American people to eat less in order that millions in Europe and Asia may be spared starvation this winter.

The chief executive announced at a news conference that he will ask congressional leaders at a White House meeting Monday to consider calling a special session on European aid.

Mr. Truman named a citizens food committee of prominent Americans to develop plans to "bring the vital problem of food conservation to the attention of every American for action."

May Be Meatless Days  
The President declared that meatless days may be necessary to meet the problem of conserving enough food to meet the needs of a hungry world.

The Chief Executive also established a working organization of government agencies to mobilize resources of the government in support of the food conservation program.

The President said that the world cannot wait even a day for the necessary steps that will be worked out for conserving food and feeding the world.

Appeals For Start Now  
He appealed to every American citizen to begin conservation of food without the loss of another hour.

Mr. Truman said that the saving of one slice of bread in every American home daily would in itself solve the grain shortage.

He declared that such a small saving would mean the conservation of 70 million bushels of wheat annually.

Mr. Truman said:

"There is one immediate and personal thing each of us can do. We can start now to conserve by being more selective in foods we buy, particularly livestock products whose production requires large quantities of grain."

Will Do Two Things  
"Such action on our part will do two things. We will save on our family budget and we will help others who are in desperate need. I am confident that the American people, realizing the extreme seriousness of the situation, will cooperate fully."

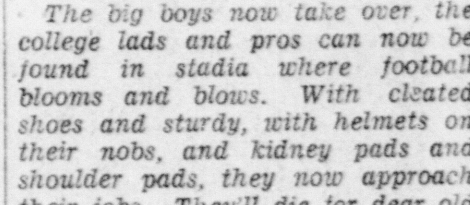

The President said that he had called congressional leaders of both parties to a meeting Monday to explore and to find solution of three critical problems. He said they are:

The first is the food shortage problem.

The second is aid to the 16 European countries.

## Arthur Mometer

The big boys now take over, the college lads and pros can now be found in stadia where football blooms and blows. With cleated shoes and sturdy, with helmets on their nob's, and kidney pads and shoulder pads, they now approach their jobs. They'll die for dear old Rutgers and fight for Notre Dame, it is the old-time college stuff, you'll find in every game. For just a while they're heroes, and then they're heard no more, for football is a seasonal crop—the weathers' stry-jour.

## DEATH RECORD

Thursday, September 25, 1947  
Mrs. F. D. Lowry, Elwood City.  
Samuel Klein, 65, 1118 Seio street.  
Mrs. Martin McCarthy, 86, 512 Cedar street.  
Mrs. Elvin F. Fritz, 55, Niles, O.  
Mrs. John W. Thompson, 89, RD 7.

### Mahoning-Beaver Scout District Members Honored

David Phillips troop No. 48 was presented with the Eagle award at the Mahoning-Beaver district court of honor on Wednesday evening, September 24.

Daniel Strohecker, Richard D. Stuart, John Gordon, Richard D. Miller and Richard Fawcett of troop 50 were presented with Star awards.

Raymond Gennaro, Premio Domino of troop 48 were presented with Junior assistant scoutmaster's warrants and Charles Stanley of troop 48 was presented with a senior patrol leader's warrant.

Chandler McMillan, chairman of the district leadership training committee; S. G. McCullough, chairman of the district advancement committee; Ralph Davis, member of the council executive board; Wilbur Stanley, vice chairman of the Mahoning-Beaver district, and T. G. Allen, scout executive, served as members of the court of honor.

This meeting served also as the opening session of the scout leaders training course which will be held each Wednesday evening in the Bessemer high school starting promptly at 8 o'clock for the next seven weeks. All troop leaders throughout the district are welcome to attend these training sessions which are primarily designed to acquaint troop leaders in the methods now used for the successful operation of a Boy Scout troop.

### Y.W.C.A. NOTES

**Citizenship Class**

A citizenship class for foreign born men and women will be given by the Y. W. C. A. on Tuesday evenings starting next Tuesday, September 30, at 7 p. m. Mrs. Roy Long, education and program chairman of the Y. W. C. A. will be the teacher. This class is open to all foreign born persons who are working for their naturalization papers. They should register on or before next Tuesday, September 30, at 7 p. m.

### STOP-GAP AID NEED IN EUROPE BEING STUDIED

(Continued from Page One)

can public know just what the urgent bill will total by citing various factors.

**Factors Involved**

These included day-by-day shifts in the European crisis, the question of whether or not there will be a special session of Congress, and a lack of knowledge as to how long it would take Congress to act if called.

Those in charge of the Marshall program hoped for a clear picture of the situation after next Monday's White House meeting with the Congressional leaders.

Increasingly, however, spokesmen for the State department were impressing that the situation in Europe has reached a point where something definite must be done before the end of the year.

The longer-range twenty-two billion dollar recovery program mapped out by the 16-nation Paris Conference, and now under study, by all agencies of the government, admittedly could await Congressional action until sometime early next year.

The State department emphasized, in connection with the interim aid, that whatever its amount, it would become part and parcel of the overall Marshall program.

**Figure Seems Fantastic**

Meanwhile, the Paris report continued to be debated among members of the Senate.

Sen. Gordon (R) Ore. said "This twenty-two billion dollar figure seems fantastic." He added: "I can conceive of any necessity for that much, particularly with German areas excluded."

Sen. Lucas (D) Ill., said, however, "The request is more moderate." than he expected and expressed confidence that when all the facts are brought out Congress will approve it more or less as asked.

Sen. Brewster (R) Maine commented: "I am not concerned so much about the amount as the character of the aid. Countries that are aided should be developing a climate for private enterprise. We are going to have to be the hard-boiled banker."

### Deaths Of The Day

**Mrs. F. D. Lowry**

Mrs. F. D. Lowry, 739 Pershing street, Ellwood City, died Wednesday at the home of her son, Cecil Lowry, Philadelphia, where she had been visiting. Death was the result of a two weeks' illness. She was the former Miss Viola Mae McGown. Her husband preceded her in death in 1939.

The deceased was a member of the Ellwood City Methodist church and O. E. S. No. 212, Ellwood City. Survivors include six sons, Clyde Lowry, Little Rock, Ark.; Frank Lowry, Baltimore, Md.; Cecil Lowry, Philadelphia; Arthur Lowry, Ellwood City; and Norman Lowry, New Castle.

She also leaves two daughters, Mrs. Mabel Maxwell, Upland, Calif., and Mrs. Virginia Marshall, Ontario, Calif.; one sister, Miss Sadie McGown, Beaver Falls, and 15 grandchildren.

Funeral services will be conducted Saturday afternoon at 2 o'clock D. S. T. from the J. I. Porter funeral home, Ellwood City. Interment will take place in Locust Grove cemetery.

Friends will be received at the funeral home this evening from 7 to 9 o'clock as well as Friday from 2 to 4 o'clock in the afternoon and 7 to 9 o'clock in the evening.

**Mrs. Martin McCarthy**

Mrs. Bridget Ann McCarthy, aged 86 years, wife of Martin McCarthy, died Wednesday evening at the home of her daughter, Mrs. E. D. Woods, 512 Cedar street, where she had made her home for the past 19 months. Mrs. McCarthy was formerly of Reynoldsville, Pa.

Mrs. McCarthy was born in Ireland, November 15, 1860, and was a member of St. Margaret's church. In addition to her husband, Martin, the following children survive: Mary J. of Washington, D. C.; Mrs. Helen McKee, of New Kensington; Mrs. Evelyn Woods, Mrs. Frances Hoffman, and John, all of this city. She leaves five grandchildren; and two great grandchildren.

The body will be removed to the residence of her daughter, Mrs. E. D. Woods, 512 Cedar street, late this afternoon, where friends may call. Requiem mass will be offered in St. Margaret's church, seventh ward, Saturday morning at 9:30 o'clock. Rev. Fr. James Kernan in charge. Burial will be made in St. Mary's cemetery.

**Mrs. Patterson Funeral**

Funeral services for Mrs. Sadie Patterson were conducted Wednesday at 3 p. m. at the Joseph B. Leyde mortuary, Rev. Hugh Snodgrass in charge.

Palbearers were: Charles Henderson, Thomas Davis, William Davidson, George Raney, Frank Patterson and Ernest Patterson.

Burial was in East Brook U. P. cemetery.

**Miss Edie Funeral**

Funeral services for Miss Katherine Edie were held in the Offutt funeral home Wednesday at 1:30 p. m., with Dr. S. E. Irvine in charge.

Members of the Volant College Reunion association attended in a group.

Palbearers were: Morris, Neil and Wilbur Edie, George and Robert Lanning, and Edie Miller.

Burial was in Oak Park cemetery.

**Samuel Klein**

Samuel Klein, aged 65 years, of 1118 Scioto street died in the New Castle hospital Wednesday at 4:10 p. m. after an illness of five weeks.

Mr. Klein was born in Lithuania, son of David and Sylvia Jacob Klein. He lived in New Castle for the past 40 years, and was in the grocery business on Scioto street for 26 years. Since December 1910 he had been married to Rachel Kanter.

**Mrs. Hileman Funeral**

Funeral services for Mrs. Carrie Hileman were held Tuesday at 2 p. m. in the Joseph B. Leyde mortuary. Dr. R. F. Galbreath in charge.

Burial was held in Castle View Burial Park.

The pouches that cover the side of a gopher's head are capable of being so distended as to enable the animal to carry a considerable load of provisions.

**IN MEMORIAM**

### TRUMAN CALLS ON AMERICAN PEOPLE TO AID EUROPE

(Continued from Page One)

pean countries under the Marshall plan.

The third problem is one of bringing down high prices.

**Legislation May Be Needed**

Mr. Truman admitted that legislation to re-impose both wartime rationing and price controls may be necessary.

The President emphasized that he is of an open mind on the whole question and that it will be up to the congressional leaders to make the decision on what steps are necessary.

Mr. Truman said that a special session of Congress is not necessarily imperative.

He emphasized that the congressional leaders will make that decision themselves. He said they may be able to work out some means, without a special session, of providing the necessary stop-gap aid to Europe on food and fuel before the regular session of Congress in January.

**Stop-Gap Aid Needed**

Mr. Truman strongly asserted that stop-gap aid for Europe must be forthcoming regardless of what method is employed to provide it.

The President appointed Charles Luckman, president of Lever Brothers, Cambridge, Mass., as chairman of the citizens' committee on food.

He named 25 other representative leaders of labor, corporations, the farmers grange and women's clubs to serve with Luckman.

The President said that the re-quest of the 16 European countries contained in their report on the Marshall plan just transmitted to this government, will be appraised.

He declared: "The facts will be presented and recommendations will be formulated so that the American people through their representatives in Congress can determine to what extent and in what manner the resources of the United States may be brought to the support of the renewed European efforts to achieve sustained economic recovery."

**Sure We Shall Respond**

"When the American people are satisfied as to the scope of the necessary program and the sufficiency of measures of self-help and mutual help being taken by the European countries, and when we can determine what resources we should and can wisely make available, I am sure that we shall respond as quickly as possible."

"Meanwhile, certain problems have arisen in connection with the economic situation in Europe that are of such an urgent nature that their solution cannot await the careful study required for the overall decisions which will be based on the reports. These problems are of an emergency nature which demand immediate attention."

**Asks Leaders To Meet**

"It is for this reason that I have requested a group of congressional leaders to meet with me Monday, September 29, to discuss plans for determining the action to be taken by the United States to aid in preserving the stability and promoting the recovery of the nations which participated in the Paris conference."

The President said that representatives of this government will consult with representatives of the European committee "to obtain clarification and amplification of the initial report."

### WARNS FRANCE MUST HAVE LOAN BEFORE OCTOBER 15

(Continued from Page One)

of the "old family doctor" visiting a friendly patient, rather than just to settle accounts.

"No Coal And No Wheat"

Declaring that France had "no coal and no wheat," Ramadier remarked that whenever France is in deep trouble "somebody always has spoken up in the United States."

He added that these needed supplies must come from the United States, as Europe no longer is able to fill French needs.

Ramadier continued, saying: "It goes without saying that the United States in self-defense impose controls and regulations upon assistance granted Europe to solve its economic problems in the near future."

### NEW MASSACRE

LAHORE, India, Sept. 25.—(INS)—A new massacre of Sikhs and Hindus being transferred under Indian partition agreement was announced by the West Punjab government today.

A statement said that 340 Sikhs and Hindus were killed and 250 wounded when several thousand Moslems attacked a refugee train at Kamoke, 25 miles west of Lahore, yesterday.

Troops escorting the train finally repelled the attackers after a 40-minute battle in which 78 Moslems were killed and a like number wounded.

### RUSSIAN VETO ON ADMITTANCE OF ITALY LOOMS

(Continued from Page One)

attitude. Britain dropped the previous technical opposition to Italy and joined France, Belgium, Australia, Brazil and Poland in endorsing the Italian membership.

Johnson flatly refused to support the Polish motion and expressed the opinion that the council is disinclined to vote in a block on the five states.

**Can't Consider Separately**

Gromyko, chairman of the Security Council for September, declared that it is impossible to consider Italy separately and cited the Potsdam agreement that all countries must be treated without discrimination. Any other course such as proposed by the United States, he declared, would deviate from that agreement.

Johnson fired back with a broad-

side that the "over-riding authority" in deciding qualifications for membership is the question of whether the applicants have satisfied—by their conduct—all charter requirements.

**Alderman Holds Phillips For Trial**

Anthony Phillips, colored, of Youngstown, received a hearing on four charges of burglary and another of possessing burglar tools, Wednesday, before Alderman C. L. Mantz. He was held for court. The charges were sworn to by Chief of Police Robert D. Hanna.

He was alleged to have burglarized the Britton Dry Cleaning company, Levine Junk company, Riley Feed company, Moravia street and to have entered, but failed to obtain anything at the Lawrence Ice & Storage company.

## 1939 Sewing Circle

Mrs. Nick Tusciano, of Harrison street, received the 1939 Sewing Circle, and crocheting was a pastime. Cards were later played, with the prizes going to Mrs. Sue Giamarino. Special guests were her daughter, Mrs. Harry Valentine and Mrs. Chester Tusciano. A dainty lunch was served by the hostess, aided by Mrs. Valentine and Mrs. Tusciano. On October 15, Mrs. Louis Gurini, of 1002 Rose avenue, will be hostess.

## Busy Dozen Club Meets

Members of the Busy Dozen club held its regular monthly meeting in the home of Mrs. George Faron, of 404 Cascade street, on Wednesday evening. Sewing was a pastime. Club token was presented to the hostess by Mrs. Samuel J. Audia. Mrs. Eleanor Juliano was a special guest. Serving of a luncheon brought the evening to a close. Next regular meeting will be October 8 at the home of Mrs. Jessie Yacaboni, 404 Cascade street.

# Society AND Clubs

## MISSION STUDY

### DAY AT HIGHLAND

First Mission Study Day at Highland U. P. church took place Wednesday, beginning at 10:30 o'clock in the morning, with 100 women, representing the various missionary societies of the congregation, and their guests in attendance. Mrs. Frank Fehl, president of the Baird society, presided at the morning session and conducted the devotional period.

A praise service was led by Mrs. Clark McClelland with Mrs. S. Glenn McCracken serving as accompanist. Mrs. Thomas Lindsey, of the Women's Missionary society, reviewed David Baker's "New Worlds Ahead."

Luncheon, served by the Naomi circle, was later enjoyed in the church dining room, which was tastefully decorated with flowers. Dolls, representing different foreign nations, were also attractively displayed. An illuminated globe of the world with flags of various nations surrounding it was the decorative motif of the speakers table. Autumn blossoms in red, white and blue were also effectively used. Place cards in the form of hand-painted globes as well as napkins, decorated with foreign postage stamps, added to the attractiveness of the tables. Mrs. C. H. Milholland, of the Women's Missionary society, was responsible for dining room decorations.

The afternoon meeting which began at 1:30 o'clock was opened with a worship service, conducted by Mrs. Lloyd McCormick, of the McGill group. Mrs. Thomas Schrefler's subject was "Your Home Today and Tomorrow." Miss Lucille Pakley, accompanied by Mrs. McCracken, offered "When I Kneel Down To Pray" as a vocal solo.

Committees, responsible for the success of the day, follow: program, Mrs. Ellwood Gilbert, Mrs. D. L. Ferguson, Mrs. Howard Gardner, Mrs. William Headings and Mrs. Russell Tait; publicity, Mrs. Henry Breneman, Mrs. Robert Mills and Mrs. Lloyd McCormick; and hospitality, Mrs. C. H. Milholland, Mrs. Samuel Staats, Mrs. W. R. Dickson and Mrs. Frank Fehl.

## SISTERS PLAN DOUBLE WEDDING

A delightful surprise shower was held Saturday evening in the home of Mr. and Mrs. S. Pierz on Ashland avenue honoring their daughters, the Misses Dolly Ann and Jane Pierz, who will become brides at a double wedding ceremony on October 12.

Hostesses for the occasion were Miss Irene Lada, Mrs. Alma Menichino, Miss Lea Nora Pierz and Mrs. P. P. Mrozek. An array of miscellaneous and personal gifts were received by the honored guests and after these had been opened, a delicious spaghetti dinner was served at a table beautifully decorated with fresh flowers and lighted tapers.

Each place was marked with miniature umbrella favors. Miss Merle Walker of Cleveland, O., was an out-of-town guest. The wedding will take place at 1:30 p. m. on October 12 in the Madonna church. Dolly Ann will become the bride of Walter Adamski and Jane the bride of Joseph Wojtowicz.

## LEMLEY QUEHL BETROTHAL TOLD

Mr. and Mrs. George Lemley of 1105 Wilmington avenue announce the engagement of their daughter, Vivian Ruth Lemley, to A. Renwick Quehl, son of Mr. and Mrs. A. G. Quehl, 312½ South Walnut street. The engagement will terminate in a fall wedding.

(Additional Society On Pages 6-23)

## KENNEDY-LINHART CEREMONY AT HOME

Home of Mr. and Mrs. Edgar A. Tipton, 14 West Garfield avenue, was the scene of the wedding Monday evening, September 22, at seven o'clock of Miss Lois Mae Kennedy, daughter of Mr. and Mrs. Alex Kennedy, of Portersville, and Carl George Linhart, son of Mr. and Mrs. Frank Linhart, of 9440 Monroe avenue, Brookfield, Ill.

Rev. J. Calvin Rose officiated in the presence of a gathering of 30 guests. Vows were exchanged before an embankment of ferns before the fireplace in the living room. The bride wore a gray crepe dress with black accessories and a corsage of red roses. She was attended by Miss June Bell, who wore a powder blue dress with black accessories and a corsage of pink roses. Frank Linhart, Jr., served his brother as best man.

Musical recordings furnished appropriate selections and the wedding procession.

Following the ceremony there was a reception for the gathering of guests with refreshments served from a prettily decorated bride's table centered with a three-tiered wedding cake. Vases of gladioli in an array of bright hues decorated the downstairs rooms.

Mr. and Mrs. Linhart left by motor on a trip to an unknown destination and will be at home after October 1 in their newly furnished apartment on Jackson Boulevard at Halstead street, Chicago, Ill.

Mrs. Linhart is a nurse having graduated from Jameson Memorial Hospital School of Nursing with the September '47 class. She has made her home with Mr. and Mrs. Tipton. Mr. Linhart is a student at the College of Pharmacy of the University of Illinois.

## WYLD-HEWITT, JR. WEDDING IN WEST

Wee Kirk o' the Heather in Forest Lawn Memorial Park, Glendale, Calif., was the scene of the wedding on September 21 of Miss Nancy Jane Wyld, of 14641 Vose street, Van Nuys, Calif., and James Albert Hewitt, Jr., of 13859 Magnolia boulevard Van Nuys, formerly of New Castle.

The ceremony took place at 7:30 o'clock in the evening with Rev. Glenn Ruder, pastor of Immanuel Presbyterian church, officiating.

The bride, given in marriage by Ralph E. Dawson, wore a suit of white wool gabardine with green accessories and she carried green slipper orchids on a white Bible. She had as her attendant Mrs. Edwin F. Hewitt.

Lieut. Edwin F. Hewitt, stationed at Barksdale field, Shreveport, La., served his brother as best man. A reception in the Embassy Room of the Glendale Hotel followed the ceremony.

The bride and groom left on a trip to Ensenada, Mexico and on their return will take up residence at Kingman, Arizona.

Mrs. Hewitt, a graduate of Edgewood high school, lived in Pittsburgh until a year ago. She was formerly employed in the Pittsburgh office of the Jones & Laughlin Steel Co. and in California has been affiliated with the office of aviation maintenance for the Los Angeles district.

Mr. Hewitt is the son of Mr. and Mrs. J. A. Hewitt, of East Wallace avenue, this city. He is a graduate of New Castle high school and Pennsylvania State College in the school of industrial engineering and now is the employ of the U. S. Government on the Davis Dam construction.

## EVENING SHOWER GIVEN FOR COUSIN

For the pleasure of her cousin, Miss Carol Grace Woodard, of Beckford street, a bride-elect of the fall, Mrs. Thomas Reese, of Rose avenue entertained Tuesday evening at her home. Guests were relatives and included from out-of-town, Mrs. Marjorie Swindle, Mr. and Mrs. Donald Burns, and Mr. and Mrs. Robert Burns, all of Niles, O. Also a guest was Miss Woodard's fiancé, Robert Olmstead.

During an informal social evening with games as a pastime, the bride-elect was presented with a shower of lovely gifts of a miscellaneous nature.

In serving a buffet lunch late in the evening, the hostess was assisted by Mrs. Cecil Woodard and Miss Marilyn Woodard, mother and sister, respectively, of the prospective bride.

District Meeting Planned  
District meeting of the Veterans of Foreign Wars auxiliary will meet in the Beaver Falls auxiliary post rooms on Sunday and members of local auxiliaries who plan to attend will leave New Castle at 1 p. m. Mrs. Irene Cage is in charge of reservations.

## TEETS-McCONNELL VOWS EXCHANGED

Miss Joan Teets, daughter of Mr. and Mrs. Frank Teets, of 603½ Countyline street, and Robert H. McConnell, son of Mr. and Mrs. John H. McConnell, of 697 Court street, were united in marriage at a ceremony performed September 22 by Rev. Ralph I. McConnell, the groom's uncle, at his home in Stoneboro. He officiated in the presence of Mrs. Ralph McConnell and Mrs. Robert Stoner.

Mr. and Mrs. McConnell left on a wedding trip to Washington, D. C., and will be at home after September 28 at 697 Court street.

Mrs. McConnell was formerly employed at the New Castle store and Mr. McConnell is employed at the Francis Motor Sales company.

## NEWLYWEDS RETURN FROM HONEYMOON

Mr. and Mrs. Robert Stoner have returned from a wedding trip to Philadelphia and Washington, D. C., and he has reported for duty at the U. S. Navy research laboratory at Anacostia air base, Washington, D. C., while Mrs. Stoner will continue to make her home here with her mother, Mrs. Grace McKeough, of Countyline street, for the time being. Mrs. Stoner is the former June McKeough and Mr. Stoner is

the son of Mr. and Mrs. Henry Stoner, of East Main street.

The double ring ceremony took place in the study of the Second U. P. church at 11 o'clock on the morning of September 9 with Rev. J. Calvin Ross officiating. They were attended by Miss Joan Teets and Robert H. McConnell, now Mr. and Mrs. Robert McConnell.

Immediately following the ceremony a wedding breakfast was served to members of the immediate families at The Castleton.

## LOCAL YOUTHS ATTEND KENTUCKY UNIVERSITY

James L. Hamilton, son of Mr. and Mrs. R. E. Hamilton, of Winslow avenue, and Edwin C. Hoyer, son of Mr. and Mrs. Edwin Hoyer, Sr., of Fairmont avenue, have started their studies at the University of Kentucky, at Lexington, Ky. The young men will study engineering. Mr. and Mrs. Hamilton, who accompanied the young men to the school have returned home.

## Words Of Wisdom

The morose man takes both narrow and selfish views of life and the world; he is either envious of the happiness of others, or denies its existence.—C. Simmons.

## Washington Calling

By Marquis Childs

### Problems Faced By Greek Army

ATHENS, Greece, Sept. 25.—Why an army of 138,000 men should not be able to subdue 20,000 guerrillas is hard to understand. But even a glimpse of the wild, mountainous country in northern Epirus, Macedonia and Thrace clears up the mystery. That, plus a glimpse of the way in which the Greek army operates today.

The army has a beautiful table of organization instituted by the British when they trained the Greeks after 1944. The chain of command solemnly passes down from the defense council and the minister of war.

The orders that pass down, however, are rarely capable of being carried out. The Greek army marches right up the hill—or rather rides up as far as possible in trucks—then marches right down again.

**Proved Courage**

This is not for any lack of courage. In 1940, when they hurled Mussolini's invading army back within the border of Albania, they proved their courage a hundred times over. It was one of the epics of the war.

The plain fact, however, is that a mechanized army formally organized is helpless against guerrillas who can vanish like smoke into mountain retreats, out of sight and out of sound of even the most modern equipment. Greek generals (Continued on Page Seven)

## The World and the Mud Puddles

**JUST THE SAME**

People don't change much in the years. They are about the same whether they live in Europe or in the United States of America. Political Parties change their names, but history records a part of them as Liberals and part of them as Conservatives. The citizens who make up the population and the voters of the United States have been recruited from nearly every country on the face of the globe and liberty only means to them: "do that which we please and say that which we please to say." Out of this conglomeration of peoples and ideas have come Socialists, Communists, Republicans, Democrats, and last, but not least, "New Dealers."

There has always been present not only among the people of the United States of America but among the peoples of every nation on the face of the earth the basic idea of those who have and those who have not, and there have always been those who cry "Down with Capital" and they are those who would force Capital to contribute to their support; and there have always been political-minded citizens who would force both the provident and improvident to contribute to the cost of different forms of government they saw fit to impose upon the citizens.

**Change Little In Years**

To show how little we change in the years, the following is an extract from an address delivered in the United States Senate by Daniel Webster in 1833—one hundred fourteen years ago:

"There are persons who constantly clamor. They complain of oppression, speculation and pernicious influence of accumulated wealth. They cry out loudly against all banks and corporations and all means by which small capitalists became united in order to produce important beneficial results.

"They carry no mad hostility against all established institutions. They would choke the fountain of liberty, they clamor against oppression. In a country of perfect equality, they would move heaven and earth against privilege and monopoly.

"In a country where property is more evenly divided than anywhere else, they rend the air, shouting agrarian doctrine. In a country where the wages of labor are high beyond parallel, they would teach that the laborer is just an oppressed slave."

### TELL IT TO THE CHILDREN

Any long-range fire prevention program that is to produce maximum results must include fire instruction in the schools of America—both urban and rural.

Traffic safety has long been taught in thousands of schools. Fire safety deserves equal attention. As one authority said, "It is apparent that if safety education in the field of fire prevention had been adequately presented in the elementary schools during the past fifteen or twenty years, the loss of children's lives from this cause would be greatly reduced today."

The methods used to teach fire prevention may be of various kinds. Periods of time may be allotted to it, or it can, in many cases, be combined with subjects which are an established part of the curriculum. Regardless of method, the main thing is that the instruction be vivid and forceful—and really drive home the fundamentals of fire prevention in young minds.

Fire prevention study should begin in elementary schools, and consist of lessons which are easily understood by very young children. In higher grades, more advanced material may be used, including instruction in fire laws and ordinances. Finally, in university instruction, mature students may be given technical information dealing with the more complex aspects of the fire problem.

The responsibility for putting such a program into effect belongs to school authorities everywhere.

Crime also is feeling the effect of inflation. Losses from robbery in 1946 averaged \$160, an increase of \$13 over the previous year.

A local philosopher says many a man gets a reputation for wisdom simply by keeping his mouth closed. But keeping his mouth closed is wisdom.

Scientists says chemically treated grass would enable a cow to fill up on half an acre instead of three acres. This will delight all those in favor of shorter hours for cows.

## Drifting More Than He Thought

## The Parent Problem

By Garry C. Myers, Ph. D.

### KEEPING THE FAMILY SECRETS

Many parents are deeply humiliated, even may lose friends, because their child will tell things to his playmates or the neighbors which his parents did not wish him to tell. The telling child may be only two or as old as ten or fourteen. The average youngster under four or five may be more ready to repeat a family secret when told not to repeat it than if no such command had been made. His experiences are too limited. Besides, the warning may make his telling the secret all the more alluring.

**The Older Child**

Whether the older child often repeats such secrets or not, especially when told or asked not to repeat them, will depend largely on his relationship with his parents. In some families this relationship is so fine that the child takes pleasure in keeping anything confidential which he supposed his parents wished him to keep. However, it might not occur to him that his parents would not wish him to repeat some things they have said in his presence, unless they so indicate.

We need to remember, too, that there may be neighbors who constantly ask our children prying questions—a low-down practice. Through proper relationships with our children, we may be able to armor them against such exploitation.

**A Wide Field**

There is a wide field in which we parents need to exercise discretion, namely, when we discuss other persons not present. If we were truly wise and really cultivated we would not indulge in such talk unfit for repetition anywhere. Is this a goal too high for our parents?

It's wholesome for children to share information about the income and outgo of the family earnings provided they do not treat it always as public information. Here again the child, as soon as he is old enough, a healthy relationship, leading him gradually to see such matters and many others still more intimate are not for discussion outside the family.

You can see how very important this attitude and relationship are in all matters of sex instruction. While it should do no harm to answer the lot who asks where babies come from by saying truly they grow in their mothers' bodies, for the young child to repeat such information, naturally, to his playmates, nevertheless, if he is truly answered regarding the far-reaching problem concerning the father's part in procreation, the moral hazards and possible embarrassments may be illimitable if the child has not learned, in all sorts of situations, that such matters are strictly family secrets, and if he had not acquired the wish and resolve to treat them as such.

Now there is no simple rule whereby the ideal parent-child relationship may be developed. Involved are nearly all the things which are discussed in this column from day to day.

Light snow travels at an amazing speed until it hits the human mind.—Oregon, Wis., Observer.

## From Me To You

By MESEBALL

People will stand in line... it has been proven over and over again... but is it always necessary? Especially when the people are the ones who wish to witness a football game. Wednesday is the day here in New Castle for fans to purchase their tickets for the Friday night games... each Wednesday hundreds of folks stand in line for hours... waiting to purchase their cardboard. Is it necessary to sell all the tickets from one place? Wouldn't it be possible to set up more places where tickets might be secured?

## Hints On Etiquette

It is correct to drink consommé with a spoon until it is pretty well consumed, then the cup may be lifted to the lips and the remainder of the consommé sipped therefrom.

## Looking At Life

By Erich Brandeis

Far be it from me to decry the value of education.

But I heartily sympathize with the attitude of many people in India who told an American investigator that they did not quite see the value of education if they could not even get food enough to send their children to school.

Illiteracy is usually greater where poverty is most prevalent. Learning is pretty difficult on an empty stomach, and I have never yet been able to read anything more erudite than my comic strips just before dinner time.

There used to be a time when people claimed that the greatest paintings were produced in barren states by starving artists; that the finest literature was written by hungry authors; that the greatest music was composed by poverty-stricken musicians.

Maybe so, but whenever I go to the Stork Club or the Twenty-One or the Waldorf-Astoria, I see artists and authors and composers stuffing themselves with choicest viands and washing them down with costly liquors.

If you are a highbrow you will say, of course, that John Gunther and Irving Berlin and Stephen Dohanos cannot be compared with Shakespeare, Beethoven and Rembrandt.

Well, that may have been so, but I'm almost sure that nowadays nearly everybody would rather get good money for his creations and take the chance of having history overlook him than to starve to death and get a write-up in the Encyclopedia a hundred years later.

However, I have got away from my subject—which was Education.

What good is an education unless it prepares you to get more out of life than an uneducated person? What good is learning unless you can use it to make your own life and those of your fellow beings more pleasant?

And what good is a head full of geography and Latin and history and mathematics when there is no milk, no bread, no sugar, no meat in the pantry?

Some time ago a very wealthy man died. He left his chauffeur, whom he had paid \$25 a week, an \$8,000 car.

The fellow couldn't afford to drive it and, times being bad, he couldn't sell it.

So he had a millionaire's car and no job.

Yes, education may even be a boomerang. The very ignorant don't know much about how lovely life can be if you have the where-withal. But the educated and cultured who are poor suffer so much more, because with education come also self-respect and pride.

What good is it to take people out of the slum of ignorance and leave them in the slum of destitution? (Copyright, 1947, King Features Syndicate, Inc.)

## Good Taste

By FRANCINE MARKEL

### MOTHER'S ATTITUDE TOWARD CHILDREN

"The women in the generation before me were generally feared and often avoided by their children, nephews and nieces when they wished to have a good time. Now that my own children approach adolescence, I dread the development of such a barrier between us. Please advise me."

Answer: Resist every middle age impulse to become a matriarch, a mentor and a censor. Strive to be always to your children a pal who laughs when they laugh, to whom they can, without fear, confide peccadilloes, who can, during periods, devoted to recreation and diversion, overlook slight infractions, or wrong opinions, and who can resist the temptation to correct and contradict.

Develop into one of these parents of whom your children will always say "Mother is a good sport." Of course, you will have to maintain discipline and proper guidance. But let your first attitude be a sister advising a younger one, a college senior counselling a freshman. Such psychology will go much farther toward saving your children from vices and bad company than will the long-faced nagging and picking of the type of mother who enjoys tyranny.

Of course, if, despite all of your amiability, one of your children does slip aside you must then handle their situation with a firmness that demands respect and obedience.

Question: I live with my sister who is a few years older than I. We have no brothers and no parents. She and I have made our home together since our parents' death several years ago. On my wedding announcements, may I use my sister's name—as "Miss Mary Smith has the honor to announce" etc., etc. Or should I use the names of an uncle and aunt?

Answer: If your sister is about ten or more years older than you, she may announce your marriage. But if she is only a year or so older, it would seem ridiculous for her to assume the responsibility. In the latter case, you had better have an uncle and aunt announce your marriage.

## Who Is This Gent Macoco?

By PAUL GALLICO

Could somebody please enlighten me as to who and what is the gent by the name of Macoco? I do not advance this query in any churlish or critical spirit. I am just plain curious, because for more years than I can remember I have been encountering his name in the Broadway columns, usually in an item revealing the name of the particular lady with whom he was detected passing an idle moment in some trap. But no one has ever thought to enlighten me as to who he is, what he does, and why he is of sufficient importance to be listed in the gossip roster with such notables as band leaders, chorus girls, politicians, actors, burglars and sportsmen.

### Way To Get Name In Papers

I know that when news is scarce, it is sufficient to be seen parked next to some cutie in a night club to get your name in the papers, but the reports on the distaff crew in the life of Brother Macoco have had a consistency and frequency down through the years that mark him as a gent of some importance to or in the community. But what niche does he fill in our society that I am supposed to nod my head and say, "Oh!" or "Well, I'll be darned," or "Tsk-tsk-tsk" when I read that Macoco has swished from one frail to another, or has taken to exhibiting his fillies in pairs, or even four-in-hand?

Is he a merchant, a banker, a prominent mouthpiece, a singer of lugubrious ballads or a fellow with a gift for exciting the reed in a wind instrument? Does he tread the boards, or govern, or administer, or manufacture? Does he even exist, or is he a figment of the imagination and thus a useful peg to hang an item on a dull day? In my youth it was my custom to frequent the joints more than I do now. Even then he was already a famous name, and I cannot truthfully say that I have ever laid eyes on his living image.

### Does The Name Fascinate You?

Does the name fascinate you as it does me? Macoco! Not Mister Macoco or Fred W. Macoco, but just plain Macoco. And is it a front or last name? And in Heaven's name, what does he DO?

For instance, in a recent column of my estimable colleague, Mr. Jack Lait, who did such a capable and frequently brilliant job substituting for Walter Winchell last month, I came upon this item that filled me with a sense of deep frustration: "Macoco is still on the one-blonde diet, and it's always the very young Betty Carlin. 'Nothing serious,' he insists—as she puts when he says it."

How am I to react to this? Am I to sympathize, does it call for surprise or even alarm, or am I to take it that things are in status quo with Macoco and accept it as a good sign. The market will hold up, war is not as imminent as I had thought, things will not change very much; Macoco is still devouring only one blonde at a time.

### Nothing But Reiterated Name

And what about the "very young" Miss Carlin? Obviously, she is suffering a bitter disappointment (I refer you to the reported top) that Macoco is not "serious." But why? The story is so lamentably incomplete as long as Macoco remains nothing but a reiterated name. What would it mean to her if Macoco WERE serious? Matrimony? Would that be good or bad, and how can I tell unless I know what the guy does and how much he gets paid for doing it?

Somewhere I have a vague recollection that a columnist once qualified one of his pre-building items by referring to him as Macoco the South American millionaire. That isn't enough. It's merely a teaser. What country? South America is full of them. How'd he get his millions? What's he doing with them? Where does he live? How old is he? Does he sleep in pyjamas or an old-fashioned night shirt? Has he any moles? Skolsky, where are you?

I want to be glad, or sad, or envious, or melancholy, or gay as I read these items about Macoco and his doves. I want to play too. I cannot as long as he remains but a shadow, a line of type, a name in columns. Help me, somebody!

(Distributed by McNaught Syndicate, Inc.)

## In View Of The News

By J. C. Oestreicher, INS Foreign Director

One of the classic expressions of all history was brought back forcefully into the grasp of world news by Trygve Lie, the secretary-general of the United Nations, in his attempt to replace world suspicion and misunderstanding by international trust. He said:

"It is fear which is the great danger. Fear breeds hate and hate breeds danger."

Despite all the disputes and differences which have arisen since the death of Franklin D. Roosevelt, Secretary Lie's attempt to reconcile the widely divergent issues of the United Nations inevitably recalled the historic declaration that FDR made just after he took office.

He said:

"The only thing we have to fear is fear itself."

That was in 1933. Roosevelt was talking mainly about the banking crisis, plus the knowledge that a man named Adolf Hitler had taken office as German chancellor a scant two months before.

**Frightful Discordance**

But the situations otherwise had a good measure of similarity... certainly future historians cannot deny that the autumn of 1947 opened on a note of frightful discordance among nations.

There was no specific incident such as failure of the Austrian banking system that impelled Roosevelt to tell the American people that their own salvation lay in courage and determination.

Rather it was an accumulation of bothersome incidents, a failure of agreement on the seemingly simplest possible issues that prompted Trygve Lie to draw upon the Roosevelt formula for his avenue of advice to the needed.

The tall, stocky-built Norwegian statesman, whose role as sworn enemy of another Norwegian called Vidkun Quisling is often forgotten, said:

**Want To Prevent War**

"I do not believe that there is any nation or any government in the world that does not want to prevent another war."

"We cannot alter the fact that there are not only different nations, but also different types of civilizations, different ideas and different interests in the world."

Lie emphasized the need for tolerance and for understanding. In his address to the assembly he referred without direct mention to the diplomatic conflict between the United States and Soviet Russia.

This had been re-emphasized by British Minister of State Hector McNeill who so pointedly made it clear that the Soviet diplomatic system can see no shades of meaning in foreign relations. To the Kremlin, McNeill said, all things are black or white—more accurately perhaps—"black and red."

Trygve Lie's address was an attempt to bring about a fusion and a union between these two vast contrasts, based upon the theory that a world quagmire in fear and suspicion never can be a peaceful one.

## They Say

**BALTIMORE, Md.**—Glenn L. Martin, airplane manufacturer, commenting on Army's pilotless trans-oceanic flight: "Picture the destruction which an automatically controlled fleet of bombers or missiles, with atomic bombs or warheads, could inflict on any of our cities if it struck without warning."

**MORGANTOWN, W. Va.**—Gen. Dwight D. Eisenhower: "Wars are stupid, and stupidly started."

**WASHINGTON**—Sen. Tom Connally (D) Tex.: "The world now knows that a nation which attacks us cannot expect any aid from anyone else in this hemisphere."

**FLUSHING MEADOWS, N. Y.**—Sen. Jose Arc of Argentina, urging lighter peace terms for Italy: "It is true that Argentina remained neutral through much of the war. But where was the Soviet Union when Hitlerite hordes attacked Poland, Czechoslovakia and when they invaded Austria and France?"

**WASHINGTON**—Senator Capper (R) Kansas, announcing G.O.P. "favorite son" boom for General Eisenhower in Kansas: "We... think he would make a fine president."

### How to Torture Your Husband

BY H. T. WEBSTER

## Invasion Of City Made By Leaf Hopper Army

If you are still wondering what the tiny green bugs were that invaded the city within the past several days, creating a nuisance akin to fly pests, they were the leaf hoppers, according to Owen Penfield Fox, city forester and well-known authority on plant and animal life. Literally thousands of these tiny, wedge-shaped insects, of a very pale green color, swarmed into the city, seeking warmth around the lights in the downtown business area. They hugged the window panes of the various stores and formed blockades around the street lamps.

**No Reason For Invasion**  
Unpredictable as nature always is, there is no definite reason for the city's invasion of the leaf hoppers, but it is a certainty that the change in weather had a lot to do with their presence here. When disturbed, the insect hops around continually—and thus its name—leaf hopper. Its delicate almost fragile wings are extremely tiny, and in its small size it resembles a snow cricket or tree cricket—other small insects.

The leaf hopper derives its sustenance from the juice of plants. In the fall when the trees start to go dormant, the tree sap withdraws from the leaves and makes its way back into the ground. Naturally the tree leaves are not so succulent as before, and therefore are not palatable to the leaf hoppers.

Perhaps for this reason also they became restless, swarming in large quantities and becoming in general, nuisances.

There are 17 species of the leaf hopper, and they migrate when the cold weather comes along; but the majority of them die, with very few of them "wintering over" the cold winter months. Possibly another reason for their visit here, was in transit of their migration. In any case, they have disappeared, and with no wonder, considering the low drop of the mercury down to 35 degrees.

Several types of leaf hoppers do considerable damage, especially when they gather in hundreds and thousands. The Norway maple leaf hopper is

one which is considered a pest, for it causes twigs of trees to swell and enlarge, resulting in the leaves dropping, due to the insects' sucking in seeking nourishment.

The grape leaf hopper damages grape vines as its name indicates. It taps the veins of the leaves, thus causing the latter to turn a brown color. The potato leaf hopper causes the same damage to potato crops, and dries the potato leaf.

Mr. Fox stated that as a rule the leaf hopper is not noticeable when in small quantities and when not disturbed. However, the weather, which is invariably accused of many things, aided the avalanche to settle here. But then again, thanks to the weather, not for long!

### AIR CARRIER PERMIT

WASHINGTON, Sept. 25.—(INS)—The Civil Aeronautics Board announced the granting of a foreign air carrier permit to China National Aviation Corporation to fly between Shanghai and San Francisco via Honolulu.

The Chinese airlines certificate has been approved by President Truman.

The permit was granted pursuant to the bi-lateral air transport agreement between the United States and China, signed Dec. 20, 1946.

## Parent-Teachers State Convention At Pittsburgh

Parent-teacher associations from all parts of the state are making plans to send representatives of the 300,000 membership to the annual state convention to be held in Pittsburgh from September 29 to October 2.

Mrs. A. J. Nicely of Erie, president of the State Congress, announces that the convention will prepare Pennsylvania to "take the lead in developing the four-point program" which is sponsored by the National Congress of Parents and Teachers, of which the Pennsylvania Congress is a branch.

The four points to be given special emphasis by parent-teacher associations all over the nation are: Federal aid for public schools; adequate teachers salaries; better

public health; world understanding, and parent and family life education. The agenda of the convention will include addresses by educators of note as well as outstanding parent-teacher leaders. Workshops and conferences will provide an opportunity for delegates to study methods of implementing this improved parent-teacher program.

Chief Justice Chase of the United States Superior court, characterized the American Union as "an indissoluble Union of indestructible states."

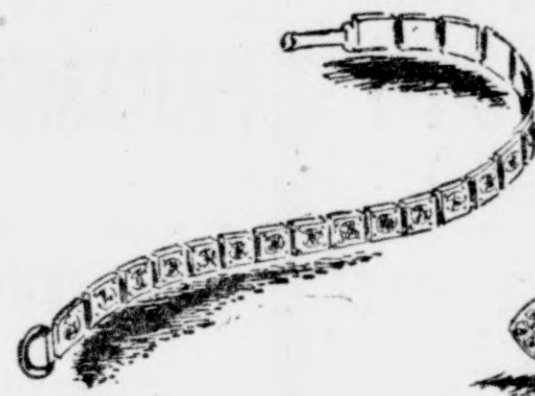

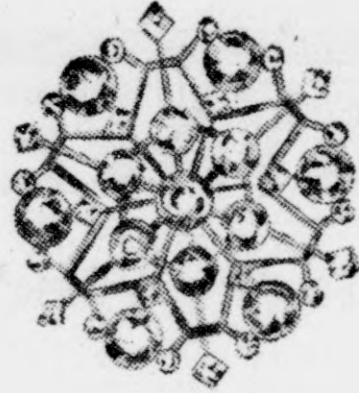

## Enforcement Of All Gambling Laws Is Asked

PITTSBURGH, Sept. 25.—(INS)—The Presbytery of Pittsburgh wants District Attorney Armas C. Leslie to enforce all gambling laws. Nothing so unusual about a ministerial group wanting laws enforced, but—

The Presbytery which represents 134 Allegheny county Presbyterian churches, obviously was aiming at bingo sessions conducted by churches of the county.

In a letter to Leslie, the Presbytery referred to gambling conducted "under the guise of charity or religion" and referred to gambling "recently committed in a suburban borough... by a church."

A street bingo game was conducted by a Sharpsburg church. More than 4000 "players" were at the tables in a block-long area roped off by police.

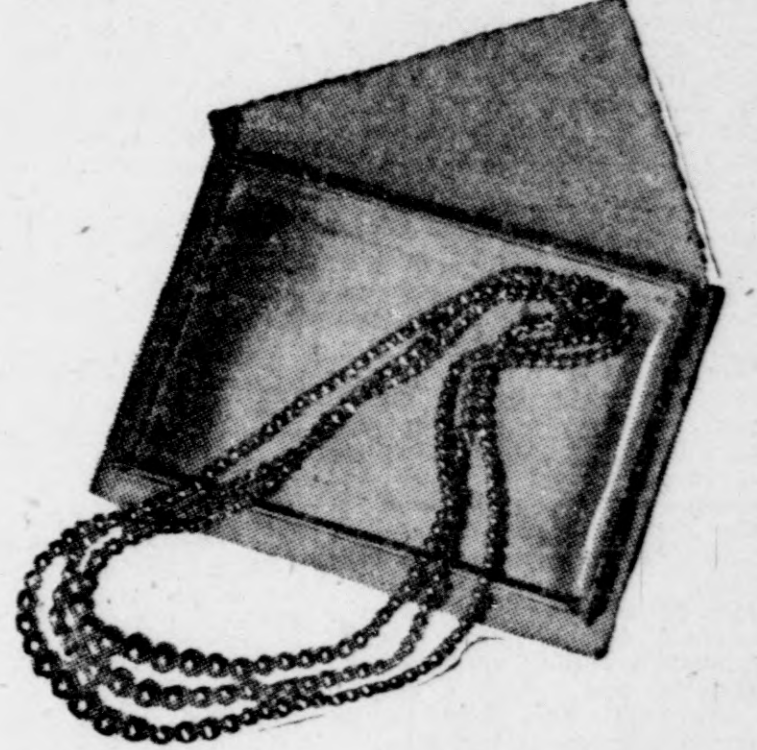

## To Go With The New Look

### Rhinestone Pins

\$1 to \$6

Plus Tax

Brilliant rhinestones in inspired motifs herald an exciting new trend... a trend complementary to your most feminine self. Carefully designed bow knots, fobs, floral spray, question marks or daggers... gleaming with rhinestones... to add glamour to your new Fall dresses or suits.

## NEWLYWEDS RETURN; ARE 'AT HOME' HERE

Mr. and Mrs. Kevin Barry Goodman have returned from a wedding trip to Cleveland and have taken up residence at 508 North Locust street following their wedding in St. Mary's church on September 18.

The bride is the former Stella Louise Habib, daughter of Mr. and Mrs. Sam Habib, of 508 Locust street, and the groom is the son of Mrs. Thomas Goodman, of 107 Phillips Place.

The wedding was solemnized before an altar banked with flowers and ferns. Rev. Francis P. King officiated at the double ring ceremony in the presence of a gathering of friends and relatives.

The bride wore a gown of white marquisette with leg o' mutton sleeves, a fingertip veil that fell from a headpiece of seed pearls and more a strand of pearls and matching earrings, a gift from the groom. Her flowers were an arm bouquet of white roses and baby mums.

Mrs. Alfred Langford as her sister's maid of honor wore a gown of rose taffeta and velvet with aqua accessories and carried a bouquet of roses and mums. Louis Gentile served the groom as best man.

After a brief congratulatory period at the church, a wedding breakfast was served to the wedding party in a private dining room at the New Penn Hotel and in the afternoon there was a reception for 50 guests at the home of Mr. and Mrs. John Habib, 508 Locust street.

Mrs. Goodman is employed at the Betty Gay Shop and Mr. Goodman by the Baltimore & Ohio Railroad.

## C. B. CLUB MEETS AT CRISWELL HOME

Members of the C.B. club gathered at the home of Mrs. Ralph Criswell of Temple avenue, on Wednesday evening, for the initial meeting of the fall.

Games and chat were the pastime of the evening. Mrs. Amy Cooper, of Los Angeles, Calif., a former member of the club visiting here, was a special guest, who won first prize, and Mrs. Isaac Fletcher capturing second.

A delicious lunch was served by the hostess with Mrs. Paul Smith as aide.

The next meeting will take the form of an evening dinner at a local tea room on October 8, followed by a theatre party.

## DEGREE OF HONOR ELECTS DELEGATES

Degree of Honor executive board met Wednesday evening in the home of Mrs. Orpha McConnell, County-line street, with Mrs. Mildred Cartwright as co-hostess.

During business, with Mrs. Lillian Conner presiding, final plans were made concerning the state convention to take place in Pittsburgh next month. Mrs. Anna Hawk was elected delegate and Mrs. Orpha McConnell alternate.

Afterward a social time with cards as the pastime was enjoyed. Prizes went to Mrs. Clara Jamison and Mrs. Eva Nicholson. Later a lunch was served.

Regular meeting of the adult lodge will take place Friday evening at 8 o'clock in the L.O.O.F. hall and the juniors will meet in the same place Friday afternoon at 4:30.

## Section Two Gathers

Section Two of the First Christian church was delightfully entertained Wednesday afternoon in the home of Mrs. Elsie Nessel, 326 East Wallace avenue.

Autumn flowers effectively decorated the downstairs rooms of the Nessel home. During the business session, conducted by Mrs. Woods Anderson, president, fall and winter activities of the group were planned.

Later a tempting lunch was served by the hostess and co-hostess, Mrs. Elmer Poole, of Pittsburgh.

The section will have a tureen luncheon at the church at noon Wednesday, October 22.

**Walters-Goins**  
Miss Luella Joan Walters daughter of Mr. and Mrs. John F. Walters, of 1041 Rose avenue, and Charles E. Goins son of Mrs. William Goins, of 1521 West Cherry street, Herrin, Ill., and the late Mr. Goins were married at a quiet ceremony performed at the residence of Dr. and Mrs. Grant E. Fisher Adams street, on July 2. Dr. Fisher officiated at the double ring service at 2 o'clock in the afternoon.

Mrs. Goins is a graduate of New Castle high school and the Jamestown Memorial Hospital School of Nursing, class of '47.

Mr. Goins is a graduate of Herrin high school, served in the Pacific theater with the armed forces and is a graduate of Wortham School of Mortuary Science, Chicago.

Mr. and Mrs. Goins will leave New Castle, September 26, for a short vacation in South Bend, Ind., and Herrin, Ill. and after October 15 will make their home in Chicago where they are both enrolled as students in the Northern Baptist Theological Seminary of that city.

## Early Frost Affects Various Wild Life

Owen Fox, city forester, states that on Tuesday, he heard quite a number of folks complain of the unusual early frosty weather. Feeling that if human beings complained in this manner, he realized that doubtless this weather would have much effect on various wild life in the woods and fields.

Journeying to Gaston Park to make observations, Owen found a big fat groundhog busily gathering up dead grass and leaves, and tuck-

ing it under his chin, with which he scurried off to a hole underneath a log pile. By the animal's actions it seemed to display a dislike for the sudden lowering of the temperature.

Further on, Mr. Fox saw a large golden orb spider's web, with strands heavy with a coating of frost, and amidst this he counted about fifty night flying insects that had been forced down by the frost and become entrapped.

A little chipmunk, under an oak tree, was picking up acorns. The acorns would drop from its paws, and the little fellow would shiver, and upon investigation by Owen

it was found that the acorns had a heavy coating of cold frost. The grasshoppers were so affected by the cold, they were quite stiff, failed to jump, and could be easily picked up.

Some of the shallow pools and bird bath had some ice on them.

**SON IS BORN**

PITTSBURGH, Sept. 25.—(INS)—"Commando" Kelly Jr. yawned and stretched indifferently today as his famed war hero father passed out the cigars.

Mrs. May Kelly, wife of Charles E. "Commando" Kelly, gave birth yesterday in St. John's hospital to a seven-pound boy.

## Young Girl Shows Males She Knows Her Diamond Facts

When It Comes To Baseball 14-Year-Old Miss Is Walking Baseball Fact-Book

PHILADELPHIA, Sept. 25.—(INS)—Women for centuries have been trying to convince the stronger sex that the ladies can beat any man at his own game—and here's a gal who has done it!

The young maid in mind is a baseball fan—a 14-year-old baseball fan. And she delights in showing male fans of the great American game that she knows more baseball than they ever will.

How does she go about it? Well, here's how it all started.

Station WPHL runs a sports program involving audience participation. It's called "Sports Clinic". Questions are asked of the audience and correct answers bring a prize.

During one program, a particularly difficult question was asked: "Who pitched the last perfect no-hit, no-run game in the major leagues?"

**Boys Are Stumped**

Several young boys volunteered answers. "Ewell Blackwell?" "Ewell Blackwell?" No, they didn't pitch "perfect" games. The studio became silent as puzzled boys looked at each other.

Then from the back of the studio a small hand shyly rose to the air. It wasn't a boy but a young girl. The announcer approached her doubtfully with a microphone.

"Here's a young lady who thinks she knows the answer," he said. "All right, who was the pitcher?" "Charley Robertson," she said. "I think it was in 1922 when he was pitching for the Chicago White Sox against Detroit." And she was right!

During the remainder of the program the boys were a little quieter, for they knew they had been bested by—of all things—a girl.

But that's not the end of the story. Jeanne Penney, the little girl with the big baseball memory, now sits in on all of the "Sports Clinic" programs. And if they boys don't know the answers nine times out of ten Jeanne has her hand up ready to set them straight.

Jeanne doesn't know where she acquired her amazing baseball memory, for her father and mother don't care a hoot about the game. Her younger sister is a fan but she likes football.

"Football," says Jeanne, "there's no future in that."

**HOLD YOUNGSTOWN MEN IN KIDNAPING ALIQUIPPA WOMAN**

PITTSBURGH, Sept. 25.—(INS)—The Federal Bureau of Investigation in Pittsburgh today held two men on charges of kidnaping a woman from Aliquippa, Pa., and taking her to Youngstown. Benjamin J. Haynes, 28 and William D. Williams, 27, both of Youngstown, were accused by the FBI of forcing Pearl Robinson, 23, formerly of Baltimore, into an automobile on June 10 and taking her to Youngstown.

There the FBI agents said, she was forced to live with Haynes. Haynes and Williams were remanded to jail in lieu of \$5,000 bail.

## WASHINGTON CALLING

(Continued from Page Four)

like to plan their artillery on one side of a mountain and lob shells across onto the other side. One general, on being asked the location of the enemy, replied: "Oh, we are merely firing for morale."

This business of morale explains a lot about the Greek army. The firing and the marching and the ambitious beginnings of an air force are related to the morale of the politicians in Athens. The problem of morale is right here in the capital.

## Pressure Is Great

The pressure on the American aid mission to increase the army is very great. The objective of Minister of War George Stratos, a carryover from the previous government, is 200,000 men. Beginning with his first meeting with the Greek general staff, Maj. Gen. William G. Livesay, chief of the military side of the mission, was confronted with demands for new material and more men.

The first request was for anti-aircraft guns. Livesay pointed out that the rebels had no planes and, therefore, anti-aircraft protection seemed a little superfluous. A week later came a request equally far-fetched. Finally, Livesay asked the staff to coordinate their needs. Not long afterward the plan for an increase to 200,000 was presented to him and when he declined to pass this on to Washington, the Greeks appealed over his head.

## Changes Necessary

Certainly some changes are necessary and they will cost money. Thus 20,000 troops who have served for six to seven years are being replaced by 20,000 men just conscripted into the army. To train and equip these new recruits will cost about \$8,000,000. Others in the army for long periods also must be replaced.

This work is going forward. Already 13 shiploads of military material have arrived and the material has been unloaded at the nearby port of Piraeus.

There are equally important changes which the Greek government thus far seems unable to make. A large proportion of the 130,000 men in the army are used to protect towns in and near the rebel territory. Any order to remove these troops results in immediate political pressure and the order is rescinded.

A constant source of grumbling among the troops is the belief that some are favored over others and allowed to stay safely in the villages and the towns. Although Stratos denied that there is any politics in the army, Americans observers believe otherwise.

## Curious Position

Livesay's position is a curious one, when he deals with. Yet we are pay-

Under the terms of the aid act he can do little more than observe and, perhaps, give his advice if it is asked. The shadow of Greek sovereignty lies between him and the

ing the bill—\$102,000 a day to feed 196,000 Greeks in the army, the navy, the gendarmerie and the civil police.

They are being given a diet that averages 3700 calories a day, far above that of the population in

general and fantastically more than that of the pitiful refugees who have fled from rebel terrorism. The danger is that the army will come more and more to occupy a favored position. If pressure is not resisted, it will grow at the expense of re-

construction and rehabilitation. It may or may not subdue the guerrillas. But in a time of crisis this favored army might become a weapon for an ambitious dictator of the type Greece has known before.

## House Speaker Martin Leaves To Tour West

MILWAUKEE, Sept. 25.—(INS)—House Speaker Joseph W. Martin leaves for the west today to continue his tour to explain the record of the Republican 80th congress. Martin opened his tour in Milwaukee last night by insisting the Republican party has kept its faith with the people.

Addressing 1,700 persons gathered at a Republican founders' dinner at \$100 a plate in the Milwaukee auditorium, Martin declared that the GOP congress has followed the popular mandate of the voters at last November's election. He said:

**Made Progress**  
"The Republican congress went at the task earnestly and diligently. We have been partially successful; not as much as we had hoped, but we have made real progress. We intend to continue the fight."

"The budget has been balanced. We have sharply cut government spending. We have reduced the government payrolls. We would have given the American taxpayers, small and large, a substantial reduction except that President Truman twice vetoed tax bills."

Martin declared that the next session of congress must determine the nation's foreign policy. He said that a special committee now studying economic conditions in Europe will provide data necessary for reaching a decision on what help America sends abroad.

Martin will speak in Denver and Boulder, Colo., tomorrow.

## Hirohito Virtually Absolved Of Guilt In War Crimes Case

TOKYO, Sept. 25.—(INS)—Chief Allied Prosecutor Joseph B. Keenan virtually absolved Emperor Hirohito of war guilt at the Tokyo war crimes trial today.

He told the international far east tribunal that the "Tojo gang" seized governmental power fraudulently and used the emperor's name to sanction the Pacific war.

Gen. Hideki Tojo, premier at the time of the Pearl Harbor attack, is the principal defendant in the current trial of 25 former Japanese leaders.

## Cost Accountants Tour Pottery Here

Cost accountants of the New Castle-Youngstown district were guests at the Shenango Pottery company Wednesday. The members, about 55 in all, were taken through the plant on a tour of inspection after which they were shown the accountancy methods used in the pottery industry.

A dinner was held in The Castleton hotel at 6 o'clock in the evening after which a forum discussion of "Definitions and Purposes" of accountancy ensued. The discussion was led by Raymond K. Sparrow of the MacKenzie Muffler company, Youngstown. During the evening Edwin O. Feass of the accountancy department of the Shenango Pottery spoke on the history of the pottery and of the accountancy system in use.

**FISH FIGHTS**  
Fish fights are a favorite form of amusement in Thailand, and fortunes are won and lost in betting on the outcome. The battles are only a little more than an inch long.

## Insurance Means Security

Insurance is not just "another expense". It provides security and freedom from worry. Remember, it is one thing you cannot buy when you need it most—after the damage is done.

## In Waiting Line For Grid Ticket; Car Is Tagged

This morning a young woman, with a forlorn look upon her face, visited police headquarters, displaying a yellow ticket, the kind given by police for violation of the parking ordinance.

She explained her predicament, as follows:  
"I put two nickels in the parking meter and then stood in line to purchase a football ticket. At 11:30 a. m. I got into the store, only to be told: 'No more tickets.'"

She then said she made her way to her car to find the ticket for violation of parking.  
"I wonder if this would be accepted in lieu of a football ticket at the game tomorrow night?" she inquired.

Chief of police Robert D. Hanna excused the violation.  
You can have 40 different flashes with an ordinary deck of 52 cards in poker.

## Wool-Producing Industry Waning

Production On Decline And Appears Headed For Near-Extinction Within Decade

### OTHER FARM NEWS FROM HARRISBURG

HARRISBURG, Sept. 25.—(INS)—Pennsylvania's wool-producing industry is one the decline and appeared headed today for near-extinction within another decade.

The Department of Agriculture said an all-time low of 1,642,000 pounds of wool had been clipped this year from 216,000 sheep. The 1936-45 average was 2,621,000 pounds while 1946 clippings yielded 1,786,000 pounds.

At the close of the Civil War Pennsylvania farms had nearly 3,000,000 sheep and the industry then was a major phase of the state's agriculture. By 1900 sheep numbers had dropped to less than 1,000,000, largely due to the lowering of tariffs on wool in the early 80's, officials said.

Visitors to the 1948 edition of the colorful Pennsylvania farm show will not only see one of the outstanding agricultural exhibitions in the nation but will have the experience of walking on a scientifically-constructed "easy on the feet" floor.

Four acres of new flooring will provide visitors with "new walking pleasure" when the five day exposition opens January 12.

Hard concrete which made farm show visitors tired after the first mile or two of walking through exhibits is being covered with a mastic asphalt base upon which Spanish red asphalt tile are being set.

Nearly one-third of a million pieces of the tile, each three-sixteenths of an inch in thickness, will be required to complete the new flooring job. A minimum of dust is assured.

Eighteen outstanding Aberdeen-Angus herds from 12 Pennsylvania counties will be represented at the association's fifth annual sale in Harrisburg, Sept. 27 at the state farm show building.

Samuel O'Sullivan, of Virginia, has been designated auctioneer ac-

cording to Sales Manager James P. Torrance, of export.

Farmers' retail markets, which have existed for 150 years in some cases, are on the increase in Pennsylvania, according to W. R. Whitacre, of Pennsylvania State College. In a recent study conducted by the Department of Agricultural Economics and rural sociology, 49 of the state's 82 organized markets were surveyed.

Whitacre reports that retail farmers' markets have been successful largely because of the variety of fresh, attractive produce provided directly to customers. Patrons placed "freshness" at the top of the list for the chief feature attracting them to farmer markets.

During the last 20 years, seven new outdoor markets and 10 indoor farmer markets were established in communities of Pennsylvania. Numerous other towns are considering opening such markets.

New developments and research in the frozen food industry will be discussed in detail as a feature of the third annual Frozen Food Conference to be held Oct. 27 and 28 at the Pennsylvania State College.

Prof. R. U. Blasina, department head, is in charge of arrangements for the meetings, open to any persons interested in any aspect of frozen foods. Numerous locker plant operators are expected to attend the conferences, along with those interested in home freezers and farm storage plants.

The net output of goods in the United States has been estimated to be 37 times as large as it was in 1850, with only nine times as many workers and only six times as many man-hours.

## Mrs. Roosevelt Says She Doesn't Remember Case

WASHINGTON, Sept. 25.—(INS)—The house un-American activities committee sought today to prove that "the heat was put on" government officials to permit the entry into the United States of Hanns

Eisler, former German Communist and Hollywood songwriter.

Robert E. Stripling, the committee's chief investigator, promised to submit proof that pressure was brought by important people to override a decision by immigration officials denying Eisler's application for admission.

George Messersmith, former state department administrative officer, was summoned as the first witness for the second day of hearings.

Summer Welles, undersecretary of state in 1939 when Eisler sought ad-

mission under a non-quota visa, testified he turned over to Messersmith letters and other data from Mrs. Eleanor Roosevelt, who was said to have interceded twice in Eisler's behalf. Eisler, in the country then on a temporary permit, was threatened with deportation.

Mrs. Roosevelt said in New York that she did not "remember this case" and declared:

"I did not intercede for this gentleman and indeed I never met him."

## Left-Wing Faction Wins Union Battle

BOSTON, Sept. 25.—(INS)—The left-wing faction of the CIO-United Electrical, Radio and Machine Workers appeared today in full control of the 12th annual convention and were reported ready to pass resolutions denouncing the Truman doctrine and the Marshall plan.

The anti-Communist faction of

the union led by National CIO Secretary-Treasurer James B. Carey met its first defeat when the convention passed a resolution 3,870 to 596 to expel Carey and others fighting Communism unless they stop "factional disruption".

The vote was taken amid a noisy demonstration.

Then the convention re-elected by landslide majorities three of its chief officers. They were Albert J. Fitzgerald of Lynn, general president, who defeated Harry Block of

Philadelphia; Julius Emspak, general secretary-treasurer, and James J. Matles, director of organization.

LONDON, Sept. 25.—(INS)—The Moscow radio announced today that a group of prominent Soviet writers have issued an open letter to writers in America urging them to raise their voice against alleged American "investigators of war".

One of the sponsors was Konstantin Simonov, author and playwright, who was war-time correspondent for Pravda and Red Star.

## Flood Forecast System In State To Be Expanded

HARRISBURG, Sept. 25.—(INS)—The Department of Forests and Waters planned today to expand its flood forecasting service to encompass the upper Ohio River and Delaware river basins under a \$10,000,000 flood control and reforestation program.

Details have not been worked out, but the expansion project will embrace improvement of radio and other communication facilities to provide 30-hour advance warnings throughout the state of impending inundations. The service now covers the Susquehanna river and tributaries.

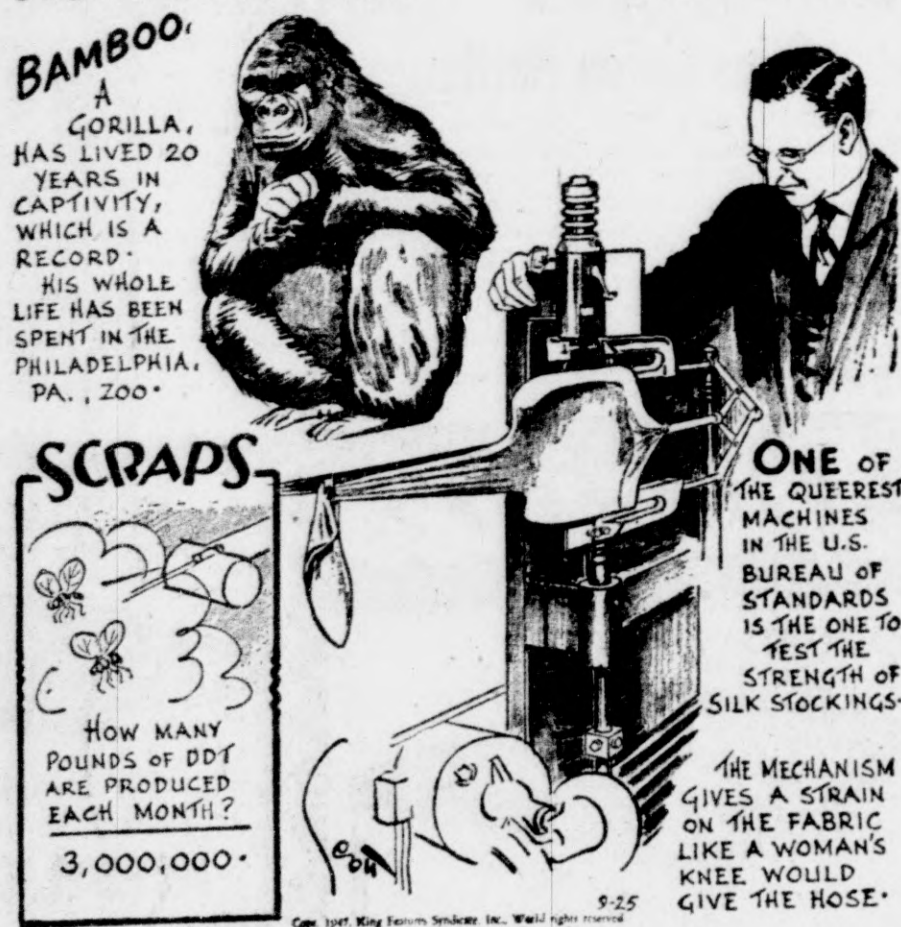

The service has been moved from the state capital to the Harrisburg airport to facilitate operation of the vast network of stations standing by to relay notices of threatening torrents.

Vast reduction in property damages and loss of life was expected to be achieved when communities in the paths of flood waters can be prepared for emergencies.

The service, operated by the department in cooperation with the U. S. Weather Bureau and Geological Survey, was believed to be the only one of its kind in the country.

## SCOTT'S SCRAP BOOK

By R. J. SCOTT

The largest sequoia tree east of the Rockies is growing near Media, Pa.

About 7 per cent of United States automobile production was exported to foreign countries in 1946.

**PROBE TITUSVILLE BLAST**  
TITUSVILLE, Pa., Sept. 25.—(INS)—A two-pronged investigation was underway today to determine the cause of the explosion that ripped through the two-story plant of the Fisher & Young Co. in Titusville yesterday.

Plant officials and fire insurance investigators launched separate probes into the blast that shattered windows and buckled walls.

A spokesman for the company said no estimate of damage was immediately available. Ten employees narrowly escaped injury.

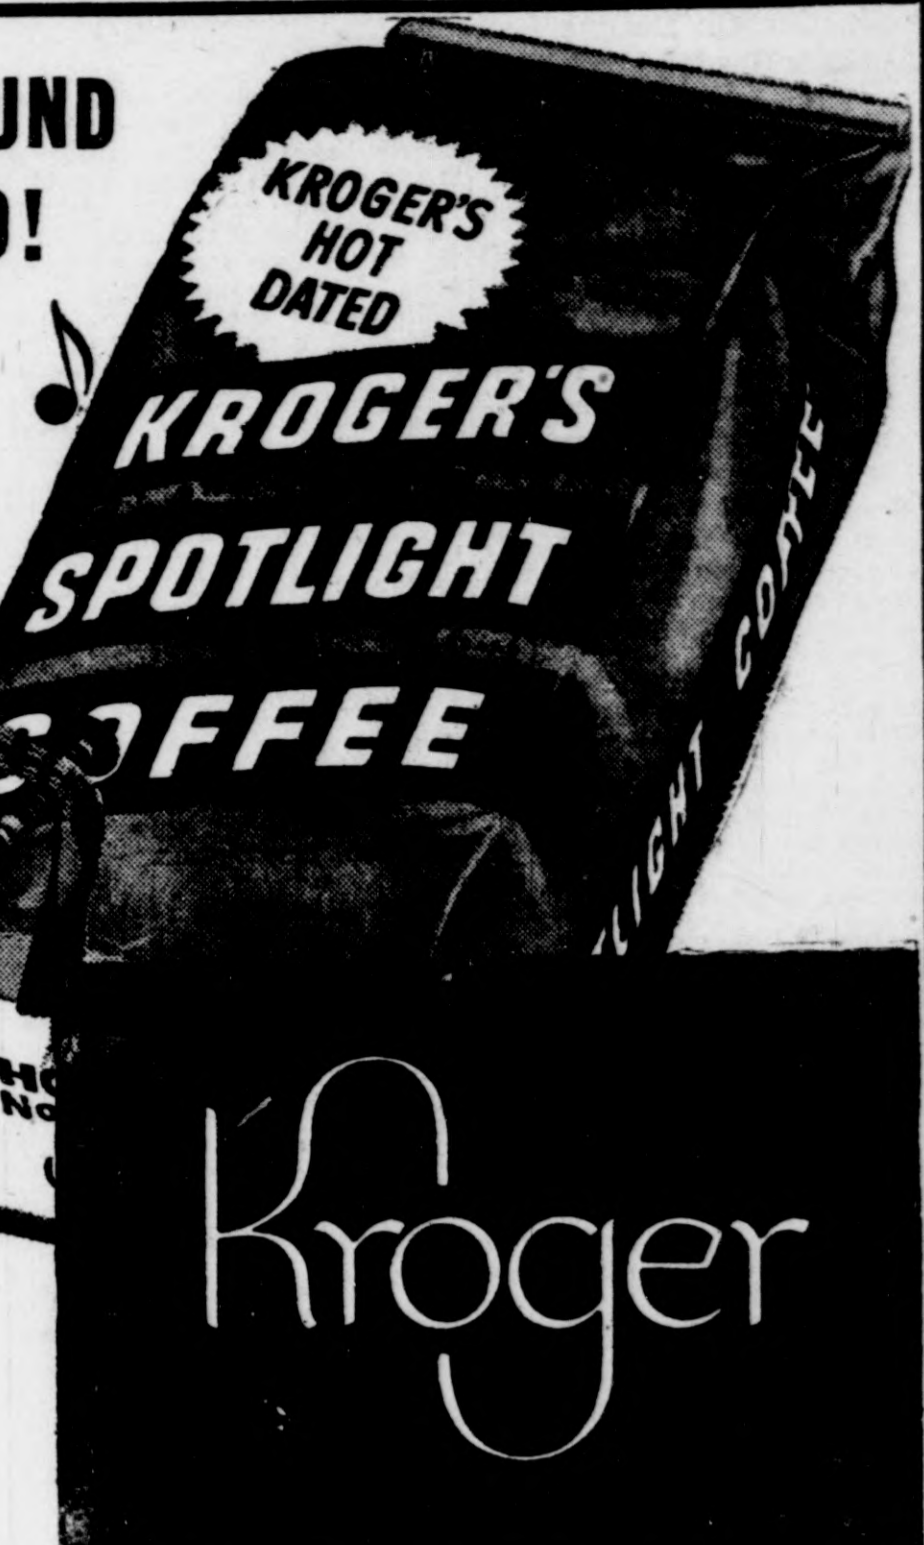

The oceans contain about 4,800,000 cubic miles of salts in solution—enough solid salt to cover the United States 1.6 miles deep.

### Worthy Objectives For Life

Highlights On The Sunday School Lesson

Moses and the law.

"Fear God, and keep His commandments."—Ecclesiastes 12:13.

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic, for Sept. 28 is Ecclesiastes, the Memory Verse being Ecclesiastes 12:13, "Fear God, and keep His commandments.")

King Solomon is thought to have written the book of Ecclesiastes, but there is a disagreement on that point. However, Solomon certainly could have written it, for he had experience enough with life, its joys and sorrows, and he had great wisdom. The book opens with the statement that it is the words of the "Preacher, the son of David, king in Jerusalem."

"Vanity of vanities, saith the preacher, vanity of vanities; all is vanity. What profit hath a man of all his labor which he taketh under the sun?"

"One generation passeth away, and another generation cometh; but the earth abideth forever."

In all his searching the writer proves that the things of earthly life are unsatisfactory. First, "I gave my heart to seek and search out wisdom. . . . I have seen all the works that are done under the sun; and behold, all is vanity and vexation of spirit. . . . yea, my heart had great experience of wisdom and knowledge."

"And I have my heart to know wisdom, and to know madness and folly: I perceived that this also is vexation of spirit."

"For in wisdom is much grief, and he that increaseth knowledge increaseth sorrow."

Knowledge is good, notwithstanding Solomon's statement. We need it and should seek it, but it alone will not bring happiness.

Find Pleasure Vain

Next he tried mirth. "I will prove thee with mirth, therefore enjoy pleasure; and, behold, this also is vanity. I said of laughter, it is mad; and of mirth, What doeth it?" This writer, being something of an optimist, thinks mirth may be vanity or "vapor," but it is exceedingly helpful when it is kindly and spontaneous. There is also or so cheering when it is not senseless or contagious as laughter less or cruel.

"I sought in mine heart to give

myself unto wine" and other follies, which, naturally, he also found unrewarding. Then, "I made me great works; I builded me houses; I planted me vineyards; I made me gardens and orchards and I planted trees of all kinds of fruits."

He made pools of water; hired many servants, and collected huge herds of "great and small cattle." He gathered silver and gold; hired singers, both men and women. In other words, he became exceedingly wealthy and lived luxuriously, but found no happiness.

"Then I looked on all the works that my hands had wrought, and on the labor that I had labored to do; and, behold, all was vanity and vexation of spirit, and there was no profit under the sun."

He did see, however, that "wisdom excelleth folly, as far as light excelleth darkness."

With the writer of Ecclesiastes we believe "That there is nothing better for a man than that he should eat and drink, and that he should make his soul enjoy good in his labor. This also I saw, that it was from the hand of God."

There are many pleasures in life—eating and drinking, work well and faithfully done, the pursuit of wisdom, music, good company, travel, reading and sports. These in themselves will not bring permanent happiness but if we believe in the goodness of God, live modestly no matter what our position in life may be; if we are kind and love one another as Jesus tell us to, not seeking the satisfactions of the soul in mere pleasure, we need not feel that all is vanity, but be thankful for all our merits and gain joy and contentment in life.

"For everything there is a season, and a time for every purpose under heaven: A time to be born, and a time to die; a time to plant, and a time to pluck up that which is planted; He hath made everything beautiful in its time; also He hath set eternity in their hearts, yet so that man cannot find out the work that God hath done from the beginning even to the end." These verses take one back to the beginning of the Bible, the creation of the world, when God saw what He had created and found it good.

"Let us hear the conclusion of the whole matter." Ecclesiastes ends: "Fear God, and keep His commandments; for this is the whole duty of man."

"For God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil."

Thus ends this most interesting book in the Bible, and the teacher has infinite possibilities in teaching this lesson. Some of the most beautiful passages should be read aloud, and discussions with and questions to the children as to what brings them as individuals the deepest satisfactions and happiness, emphasizing right attitudes always, should make a lively and valuable half hour's talk.

Don't Neglect Slipping

### FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTEETH, an alkaline (non-acid) powder to sprinkle on your plates keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, goopy, pasty taste or feeling. Get FASTEETH today at any drug store.

Richard Tannous, Tip-Top's Master Baker, talks with Mrs. P. E. Lord, Mrs. W. J. Heggan and Mrs. W. O. Kuempel at Tip-Top plant

What is  
Enriched  
Bread?

### "HERE'S THE ANSWER, MRS. KUEMPEL:

Enriched bread is white bread with Vitamins and Food Iron added to give you extra nourishment. Enriched bread contains required amounts of Vitamin B<sub>1</sub>, Vitamin B<sub>2</sub>, Niacin and Food Iron that help build good appetite, rich blood, calm nerves and promote growth in children. Enriched bread is an almost perfect food!

"Our government recommended the enrichment of white bread to raise the nutritional level of the American diet. Tip-Top Bread was one of the first white breads to be enriched. Enriched Tip-Top is good for you . . . and so good to eat!"

Fresher! Rushed warm and  
fragrant from our ovens to  
you every day.

Better Flavor! The finest  
ingredients—like those you  
use in your own kitchen, plus  
perfect baking, make Tip-Top  
fairly melt in your mouth!

Better Texture! Tip-Top's  
exclusive gentle-kneading  
process (like hand kneading)  
gives finer texture!

Penny for penny, Enriched TIP-TOP Bread is your better buy!

Better Toast! Tip-Top's  
finer texture makes it toast an  
even golden-brown all over.

Better Sandwiches!...  
Tip-Top's finer texture makes  
it spread better. No crumbling  
... no big holes for spreads  
to drip through!

Enriched!...Tip-Top Bread  
is enriched with important B  
Vitamins and Food Iron for  
better nutrition!

Look for  
the stars

Enriched TIP-TOP is Better Bread

## Seventh Ward Mr., Mrs. E. M. Jones Have Family Dinner

Entire Jones Family, Mt. Jackson Road, Gathers Sunday For Reunion.

At the home of Mr. and E. M. Jones, Sunny Side, Mt. Jackson road, a family dinner was served on Sunday, which took the form of a reunion. The hostess was assisted in serving by her daughter and daughter-in-law.

The family present were Mr. and Mrs. Donald Jones and son Melvin of Cresaptown, Md.; Miss Myrtice Jones of Pittsburgh, Mr. and Mrs. John D. McFate and son Bruce of State College and Mrs. Jones' brother and wife, Mr. and Mrs. L. O. Brown, Mt. Jackson.

## Leave To Attend Father's Funeral

Mr. and Mrs. Delbert H. Porter of 923 North Cedar street, have left for Columbus, O., where they will attend the funeral of the former's father, Elisha David Porter, who passed away in Warren, O., on Tuesday morning. Interment will be in Union cemetery, Columbus, Thursday afternoon at 3 o'clock.

The late Mr. Porter was a former resident of this city.

## PENNA BO'S PLAN NOVEMBER PARTY

Members of Penna BO lodge assembled on Wednesday afternoon in the green room of the Y. W. C. A. The business session was in charge

**Clausen Co.**  
314-316  
Fifth Avenue  
Phone 4523

of Mrs. Eva Drumheller. Plans were discussed regarding a party to be sponsored by the organization in November.

## FROST NIPS VINES

It is reported by E. M. Jones of Mt. Jackson road that the sweet potato vines on his place were nipped by the frost of Tuesday morning.

## BAKE SALE

Saturday, September 27th, by Loyal Workers Class, Christian Church, at Paul D. Wellers Hardware Store.

## SEVENTH WARD PERSONALS

Mr. and Mrs. H. B. Sandifer of 111 East Clayton street have returned after concluding a visit with relatives in Cincinnati, O., and Fort Thomas, Ky.

Mr. and Mrs. Jay Morgan of Bessemer have moved into an apartment at 407 West Madison avenue.

Mr. and Mrs. Kenneth Lally and son Tommy of Erie spent the weekend with the former's parents, Mr. and Mrs. Thomas F. Lally of 108 East Clayton street.

Mr. and Mrs. Carmen Dattilo and daughter Jacqueline of 14 North Wayne street, expect to leave Sunday morning for a six months stay in Fontana, Calif. They will visit with Mr. and Mrs. Sylvester Colista.

Mr. and Mrs. John D. McFate of State College will return Friday after visiting with their parents, Mr. and Mrs. John McFate of Edenburg, and Mr. and Mrs. E. M. Jones of Sunny Side, Mt. Jackson road. The former is attending Penn State college and majoring in agriculture.

Mrs. Charles Wallace of West Cherry street is visiting with relatives in Erie.

Miss Lillian Porter of 923 North Liberty street, who has been confined to her home with illness for a week, is much improved and has returned to her employment.

Mr. and Mrs. William Metz of 925 North Cedar street visited on Wednesday evening at Warren, O., on account of the death of Elisha David Porter, formerly of this city.

By using more high grade lump ore in open hearth furnaces, steel makers can cut their purchased scrap requirements as much as 13 per cent.

## Senior High Band Now Railroading

Band To Form Locomotive Between Halves At Friday Night's Game

Wally Jones, the rifle-armed half-back of the Sharon football team, is to be watched Friday night at the stadium, according to the football experts. But Wally is only one of the Jones family who should be watched.

Casey Jones will be on the field also, not in a football uniform but in a band uniform. The band is going to form a locomotive Friday night and it may be the Chattanooga Choo Choo or the Atchison, Topeka and Santa Fe. The rehearsal Wednesday night was nearly as tough as a football rehearsal, but the band is in shape to do its specialty Friday.

If the question arises in your mind as to whether this is the locomotive that will haul the band to Bethlehem on Thanksgiving the answer is no. The Thanksgiving locomotive will have to be a genuine job and the money for taking the band to Bethlehem is now being raised.

Contributions are coming in to City Treasurer B. N. Hanlon, who is the treasurer of the fund, but not so fast that he cannot keep track of them. Approximately \$1000 of the \$4000 or better needed to defray the band's expenses, has been raised.

In order to give the fans an opportunity to contribute, a special collection will be taken at the game Friday night. Boy Scouts will pass containers through the audience and it is hoped the total will be a handsome one.

## South Side Parade Chairmen Named

Announce Time Of Parade At 7 P. M. Thursday, October 30, In South Side District

General Chairman, William DeCarbo, has announced that committee chairmen for the annual South Side Halloween parade were named Wednesday evening, at a meeting of the parade committee held in the office of Alderman B. J. Biondi.

During the meeting the route of the parade was discussed, the site for the judges stand, the number of prizes and other matters pertinent to the welfare of the annual attraction which will draw thousands of city and county residents to the south side. No restrictions have been made as to who will enter the parade to try for the handsome prizes to be offered.

The following men have been named as committee chairmen: Morris L. Samuels, prize committee; D. O. Davies, judges committee; Ivor Davis, parade committee; B. J. Biondi, music committee and Maurice Markley, traffic and police committee.

**EDUCATOR DIES**  
GREENVILLE, Pa., Sept. 25. — (INS)—Funeral services will be held in Grove City Friday for Clyde Wolford, 76, former superintendent of schools at Duquesne, who died in Greenville Hospital following an operation.

He retired in 1938 after spending 32 years in Duquesne.

There are 200 drive-in theaters in the United States.

## Map Program For New Industries For Pennsylvania

HARRISBURG, Sept. 25.—(INS)—The task of mapping a program to attract new industries into Pennsylvania and encourage expansion of existing firms today was assigned a 10m-member legislative committee.

The survey was authorized in a resolution adopted by the General Assembly during the 1947 session calling for a plan to enable the state to "maintain this position as an industrial leader."

Rep. Robert D. Fleming (R) Allegheny was named chairman by the joint state government commission under which the committee will function. Sen. Samuel B. Wolfe (R) Union was appointed vice chairman.

Sen. Weldon B. Heyburn (R) Delaware, JSGC chairman, pointed out that Pennsylvania offered advantages to industry that "few, if any, other states can duplicate."

"We cannot rest on our laurels," he emphasized. "It is incumbent

that we constantly look forward to ward new opportunities."

The resolution stated that Pennsylvania must promote its offering of natural resources, skilled workmen, access to markets by its outlets to the Atlantic ocean, Mississippi river, Great Lakes and its top rail transportation facilities.

Three-fourths of the people of the United States must live in cities of more than 50,000, or in metropolitan areas surrounding such cities.

## Woman Injured In Two-Car Accident

HARRISBURG, Sept. 25.—(INS)—Mrs. Della Bates, 71, of Harrisburg, was in an unsatisfactory condition at the Polyclinic Hospital today with injuries sustained in a two-car collision near Williams-

town. Four other persons were hurt slightly.

State police said she was riding with Edward C. Shaffstall 81, also of Harrisburg, in his 1929 model automobile. Another vehicle reportedly struck it when the driver, Lars E. Klingman, 19, of Millersburg, was blinded by headlights.

There are 19,000 auto tourist "motels" in the United States.

PITTSBURGH, Sept. 25.—(INS)—Carnegie-Illinois Steel Corp., today announced it had awarded the Koppers company of Pittsburgh a contract for the construction of a battery of 85 by-product coke ovens and to rebuild the steel corporation's 61-oven battery at its Clairton works.

Work on the new ovens is expected to be completed in November, 1948.

LONDON, Sept. 25.—(INS)—Lord Pakenham, British minister of occupied Germany, charged Russia with having "scuppered" the Potsdam plan for governing Germany today.

In a speech before the Foreign Press Association in London, Lord Pakenham declared that the whole Potsdam conception of governing the former Reich along four-power

lines "fundered on reluctance of the Soviet government to carry out the postulates" on which the agreement was based.

He added also that Russia hesitated "above all, to honor its obligation to operate Germany as an economic unit."

**Bitter Disappointment**

His lordship termed the Russian attitude a bitter disappointment to the British, adding, "and also—I believe—to our American and French friends." He continued:

"Not only Germany, not only the British taxpayer, but the whole world has been paying a terrible price for the way in which the Potsdam plan was scuppered."

Referring to the forthcoming November meeting of the foreign ministers council, the British minister declared:

"Whatever happens in November,

READING, Pa., Sept. 25.—(INS)—State Commerce Secretary Orus. J. Matthews said new industries must be brought into Pennsylvania to absorb employees dropped by mines, quarries and other industries. He explained during a meeting of the Rotary club of Reading that the downward trend in job opportunities in the past quarter-century was an inevitable phase of the

New sources of jobs must be found to enable the state to maintain its high standard of living, he warned.

Employment in mines and quarries in 1942 was only two-thirds that in 1921, Matthews pointed out. He forecast "continued changes" in overall production and employment in the future.

"To fulfill its new destinies, Pennsylvania needs new industries to supplement and maintain the variety of its current production," he said.

"Only by this means can Pennsylvania's 10,000,000 citizens continue to enjoy the high living stand-

ard to which they are accustomed and to maintain the year-in, year-out total employment of the commonwealth at a comfortable level.

On the upward trend in the state were textile, food processing, furniture, machinery, light metals, chemicals and allied products industries according to Mathews.

---

One of the loneliest places on the globe is Tristan da Cunha, a group of island half way between the Cape of Good Hope, Africa, and South America. It is difficult for boats to reach because of its rugged shores. About 225 persons, descendants of shipwrecked sailors and soldiers from St. Helena make a rude livelihood there.

NEW YORK, Sept. 25.—(INS)—New York university announced that an experimental workshop on the comics, first of its kind, will be given at the university during the coming year.

Prof. Harvey Zorbaugh, chairman of the department of educational sociology, made the announcement. He said the project is designed to analyze the influence of comics and explore their educational possibilities.

Zorbaugh said the comics them-

—The findings of reliable readership surveys indicate that every week more than 60 million adult men and women pore over the Sunday colored comic supplements; that in addition approximately 92 percent of the boys and girls 10 through 17 read Sunday comics regularly; that comic strips—daily and Sunday—have a public of more than 70 million.

—There can be no doubt that the comics have emerged as an American institution, a major social influence."

## Contributions To Band Fund

Perry Gaston Post And Elliott Brothers Steel Co.  
Add \$100 Each To Fund

Proud of the record of the New Castle senior high school band and its contribution to the color and interest of football games, the American Legion Post Perry S. Gaston No. 343 on Tuesday night contributed \$100 to the fund which is being raised to send the band to Bethlehem on Thanksgiving Day.

Another \$100 contribution was announced today, this one the gift of the Elliott Brothers Steel company of New Castle. Other contributions are in the offering and by October 1 it is hoped to have a substantial portion of the \$4000 or more needed to send the band to Bethlehem.

### Small Or Large

All contributions will help swell the total. City Treasurer B. N. Hanlon is the treasurer of the committee in charge of the fund raising and contributions should be handed

or mailed to him. Any contributions sent by mail are asked to be made out in check form in order that the donor will have a receipt. All cash contributions given to Mr. Hanlon will be acknowledged with a receipt.

Many fans have suggested that a collection be taken at the half during football games and on Friday night this will be done. A corps of Boy Scouts will pass collection containers through the crowd and fans are asked to contribute liberally. The containers will hold silver or paper and every dime contributed will be added to the fund.

## Whitney Files Suit For \$500,000

PHILADELPHIA, Sept. 25.—(INS)—A. F. Whitney, president of the Brotherhood of Railroad Trainmen, brought suit against the Curtis Publishing company claiming \$500,000 damages for "injuries" allegedly inflicted by an editorial in the Saturday Evening Post.

Whitney asserted that an editorial entitled "Unbridled Union Power Threat To Security" in the May 24 issue caused him to become "injured, prejudiced and damaged in his good name, reputation and standing as a private citizen."

## YMCA Receives New Bleachers

New roll-away type bleachers have been received at the Y. M. C. A. and are being installed in the gymnasium.

The new seats, of which there are eight sections and three tiers, will be used on the floor itself. Permanent bleachers will be placed in the balcony.

Renovations are being rushed at the gym to have it completed early in October for regular classes.

Miss Emmeline Mehlman,  
Home Economics.

### FALL BEST TIME TO MAKE OR IMPROVE LAWN

Since grasses reseed themselves in the fall, home owners who wish to have nice lawns next year should start now to make improvements. On existing lawns that are thin,

lime and fertilizer should be applied. On bare spots a mixture of seed and soil will start new growth.

Where new lawns are to be seeded, lime, fertilizer and organic matter should be mixed with the soil before seeding. Careful preparation of the soil will pay dividends for many years in a thick weed-free lawn.

Details on lawn construction and maintenance are given in leaflets which are available upon request at the Agricultural Extension Office, 206 Post Office Building, New Castle.

### THEY STILL GO 'BANG'

The Flemish word for tire is "snelpaardelooszonderspoorwegspoorstuit." All tired out?

## Tax Authorities Blamed For Lack Of Steel Reserves

PITTSBURGH, Sept. 25.—(INS)—The steel industry does not have adequate reserves to balance depreciation, President C. R. Cox of the Carnegie-Illinois Steel Corp., Wednesday told members of the American Iron and Steel Engineers Association at their fourth annual convention in Pittsburgh.

Placing the blame directly on taxing authorities, Cox cited the failure of the bureau of internal revenue to recognize changing economic conditions. Cox added:

"On the income statement, too little annual depreciation means the understatement of producing costs and the overstatement of profits. Under the present federal law this fictitious profit is taxable in money just as if it had actually been earned."

Calling for protective measures, Cox proposed that annual reports should make clear even to the casual reader the true earnings and actual additions to productive investment. He also said there should be a revision of law and regulations to tax only true earnings and not capital as income.

## City Painter Kept Busy With Signs

There is one employee of the city whose work stands out, yet he is seldom seen by the public performing his duty because his workshop is in the rear of the police garage. He is Charles Pearce, sign painter.

When he isn't painting "No Parking" signs he is painting "School Zone", "Parking Prohibited", or "Stop" signs.

Painting of signs keeps him busy and at times he "doubles" for a watchman, guarding children enroute to and from school.

# Navy Forces In Mediterranean Fully Manned

NEW YORK, Sept. 25.—(INS)—The Navy Industrial Association today had a report from Rear Admiral Cato D. Glover, Jr., that the Navy's forces in the Mediterranean "are the most fully manned and ready components of the fleet."

Admiral Glover, assistant chief of naval operations for strategic plans, spoke at a conference on industrial mobilization at the annual meeting of the association, attended by two thousand business executives.

The conference was held to enable industry to participate in the planning by the department for peacetime and emergency operations.

Admiral Glover said that while our two-ocean navy is small by comparison to its wartime strength, "it is roughly four times as large as the pre-war navy."

The admiral supported the presence of United States ships in the Mediterranean. He said: "Our ships are in those waters to augment the occupation troops and foreign policy, to show the American flag as a symbol of hope, strength and democracy."

Sen. Saltonstall (R) Mass., said Congress must find the solution to manning our military establishments and hinted he might support conscription if necessary.

## Debunk Reports Radio-Activity Helps Jap Crops

CHICAGO, Sept. 25.—(INS)—Chicago's atomic energy scientists expressed skepticism today over reports from Japan that the yield of summer crops from the radio-active land around atom-bombed Nagasaki has been 50 to 300 per cent above normal.

Takeshi Furuno, agricultural expert of Nagasaki, told the Kyodo News agency that the wheat crop

near the atom-bombed Japanese city was about twice normal and the cotton three times the average harvest.

Furuno also declared that pumpkins, tomatoes, eggplant and sugar beets showed increased yields of 50 per cent over harvests before Nagasaki was a-bombed in the summer of 1945. A second crop of pumpkins also was reported by the Japanese agricultural expert.

Most Chicago scientists were skeptical of the reports, but Dr. Austin M. Brues, University of Chicago atomic scientist who visited Nagasaki last winter, declared that "anything is possible" in the realm of atomic energy.

Dr. Brues said the report shows the necessity for further study of the effects of atomic energy.

### PERSONAL MENTION

Mrs. Mary Coulter, 917 Harrison street, is recuperating at her home following a two-week illness.

Mrs. John Harper, 2 East street, has been confined for the past week to her home, where she is quite ill.

Word has been received by J. W. Miller, Stanton avenue, of the death of his brother, Hugh Miller of Titusville.

Mrs. J. G. Mariacher, who recently underwent an operation at the Jameson Memorial hospital, is at the home of her daughter, Mrs. Thomas Reese of Rose avenue, where she is recuperating.

Roland G. Crisel, of North Croton avenue, has returned to his studies at Westminster Choir College, Princeton, N. J. He was accompanied to the school by his parents, Mr. and Mrs. M. G. Crisel.

Mr. and Mrs. Paul Crocker, and daughter Betty, of Butler, were week end visitors in the home of Mr. and Mrs. Carl E. Lundeen, R. D. 6. Mrs. Crocker and Mr. Lundeen were stationed together when in army service in Greenville, N. C. and Tampa, Fla. Mr. and Mrs. Crocker, both natives of Maine, have taken up residence in Butler as Mr. Crocker, a registered nurse, is employed at Deshon hospital.

Ladies' Bible class of the Church of the Nazarene will gather this evening at the home of Mrs. Roy McAllen, New Bedford.

**Almira Home Service**  
A service of worship will be conducted Friday at 3 p.m. at the Almira Home, East Washington street with Dr. E. A. Crooks, pastor of the Reformed Presbyterian church in charge.

### GRANGE NEWS

**Young People's Chorus**  
Announcement is made by W. H. McCullough, Pomona master, that the young people's chorus of the Lawrence county grange will rehearse in Liberty grange hall on Saturday evening, September 27, at 8 o'clock. There are already enrolled 120 young people.

**Degree Exemplification**  
In the county-wide membership

campaign, the first and second degrees will be exemplified by the degree team from East New Castle on Thursday evening, October 9, in New Wilmington grange hall. The third and fourth degrees will be exemplified in full form by the Pleasant Hill degree team at Liberty grange hall on October 21.

The fifth and sixth degrees can be had when state grange meets in New Castle on October 28, 29 and 30.

In 1946, 35 cities of 10,000 population or more completed the year without a traffic death. New Britain, Conn., with a population of 68,700, was the largest city to achieve this record. Hamtramck, Mich., was second, and Watertown, N. Y., was third.

## Says President Should Make Food Report Annually

Sen. McGrath Says Long-Range Food Forecast To Congress Would Avert Disaster

By FRANK B. ALLEN  
(By International News Service)  
WASHINGTON, Sept. 25.—(INS)—Sen. McGrath (D) R. I. proposed that the President be required to submit a long-range food forecast to Congress annually to help avert future scarcity and price squeezes. At the same time, Sen. Young (R) N.D., accused manufacturers of failing to live up to "the promises they made" when OPA was killed. Young demanded that industrialists press dealers to hold down prices. McGrath told International News Service he was informed that slaughter of cattle this year will run some four million head above the anticipated reproduction rate. He said:

"This means that the meat situation will be worse in 1949 and 1950 than it is now. And Congress usually doesn't begin to worry about a situation until it is on top of us." As a cure for belated action, McGrath advocated that a food forecast, along the line of the economic report established in legislation last year, be required from the administration.

He said this would bring such impending future problems forcibly to the attention of Congress.

**Haven't Done Part**  
Young, charged in an interview that industrialists have not done their part in keeping retail prices

down. He declared that auto makers readily could trace the dealer sources of new automobiles being offered on used car lots at several hundred dollars above the dealer prices.

Young said: "Manufacturers could crack down on dealers. They could trace the source of these over-priced cars, and threaten to cancel dealer franchises."

Hitting the industrialists, Young added: "I don't believe any manufacturers are living up to the promises they made to Congress when they were asking us to eliminate price controls."

"Profits of many industrialists show that price increases were excessive. They could be cut down," Sen. Morse (R) Ore. urged that Congress reconvene soon to wrestle with the price problem. He predicted: "If Congress doesn't do something, and do it quickly, there will be a stampede to the polls in 1948 based on a determination by consumers to turn the rascals out."

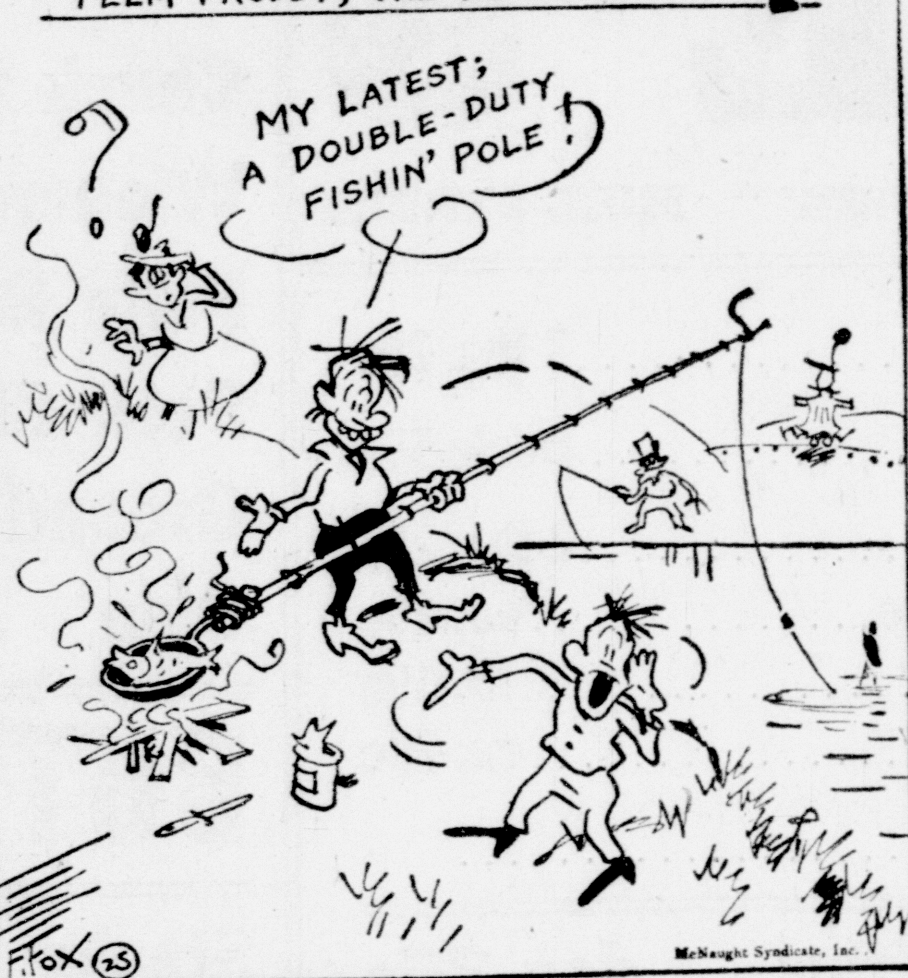

"Voters will write the political obituaries of some members of Congress."

Milk is used in a wide variety of industrial products such as plastics, textiles, paper coating, paint, glue, films, pharmaceuticals, insulation, fertilizer, insecticides, feed, preservatives, explosives and electroplating.

## Start Work On Business Block

Construction work has been started on the erection of a one-story modern business building, which will be erected at the corner of South Mercer and South street, by E. J. King, manager of the Lawrence Auto Sales Company. The structure will be 30 by 70 feet, and will be occupied on completion by the Goodyear tire agency here.

## Duquesne Light Man Heads State Electric Group

PHILADELPHIA, Sept. 25.—(INS)—George W. Ouster, of the Duquesne Light Co., Pittsburgh, resigned today as new president of the Pennsylvania Electric Association following close of the group's two-day conference in Philadelphia. George R. Conover, of the Philadelphia Electric Co., was named a vice-president along with W. H. Doran, Metropolitan Edison Co., Reading, and D. W. Jordin, of the Pennsylvania Electric Co., Johnstown.

The executive committee elected were: A. J. Althouse, Metropolitan Edison Co.; J. M. Huebner, Pennsylvania Power & Light Co.; C. L. Peirce, Jr., Hubbard and Co.; L. B. Round, Pennsylvania Power Co., and R. A. Gallagher, of Pennsylvania Electric Co.

Amethysts which range from palest violet to deep purple, are found principally in the Siberian Ural mountains, the mines of Brazil, Ceylon and Madagascar.

### Court House

## Official Totals Nearly Completed

Little Change In Returns Of Republican Primary On September 9

### OTHER HAPPENINGS IN COURT HOUSE

Official returns of the Republican primary on September 9 have been completed by the return board which was appointed by the court. The Democratic totals will probably be ready by Friday.

The official returns in the Republican vote show the following:

For Superior Court, John S. Fine, 12,555. (Unopposed).

For Probationary and Clerk of Courts: John A. Edgar, 8246; W. Henry Wettich, 7520.

For County Controller: Harry O. Fells, 5636; Andrew M. Dadds, 10,783.

For County Commissioner: W. Frances McCracken, 3598; Harvey B. Bush, 8062; Mansford E. Hogue, 2826; Joseph W. Gilmore, 7940; William J. Reynolds, 1692; M. M. Ingram, 7269.

For County Treasurer: Thomas Edmunds, 6522; Don I. Neal, 9999.

For Coroner: Charles E. Allen, 8149; Gerald O. Brown, 2698; Edward A. DeCarbo, 4979; Charles E. Patterson, 1652.

a new property, putting it in joint title. She also said they had a joint bank account which the husband transferred to another bank in his own name.

Mr. Stirling left his wife some time ago and went to California. Because he is in another state the case had to be brought in the court of equity. The \$100 will be assessed against him every month and when it reaches the total of his equity in the property, the property will go to the wife in entirety, this in the event that he does not pay the \$100 per month order.

### MARRIAGE LICENSE APPLICATIONS

Clifford L. Morgan, Mercer, R. D. 6; Gloria Mae Hedglin, R. D. 6, Mercer.

William N. Eve, R. D. 2, Kerr street, New Castle; Romona Krueger, 238 Smithfield street, New Castle.

Andrew Salzano, 1020 Croton avenue, New Castle; Michellina Colella, 1104 South Jefferson street, New Castle.

James Lloyd Brown, R. D. 2, Ellwood City; Shirley Louise McElwain, 835 Park avenue, Ellwood City.

Joseph A. Berkos, 525 Wolf street, New Castle; Louise Martone, 1603 Huron avenue, New Castle.

### REALTY TRANSFERS

Thomas Smith and wife to Frank Gerlach, Union township, \$1.

Abraham Smith to Frank Gerlach, Union township, \$425.

Ralph B. Coleman and wife to Warren A. Hennon, Neshannock township, \$1.

William Smith to Caroline Patterson, Union township, \$100.

George T. Weingartner and wife to Nick Tusciano, and wife, 4th ward, \$1.

the rents for the two months following the sale before the deed was negotiated.

The court held that the county had not collected certain penalties which were on the property and had not received full payment, therefore the petition for the rentals was refused.

### DIVORCE APPLICATION

Mildred Valensi of 108 Center street, has asked a divorce from Adolph A. Valensi of 108 Center street upon the grounds of cruel and barbarous treatment, indignities to person and desertion. They were married October 16, 1924, in New Castle.

In Roman times giant wooden torches were used for outdoor lighting.

### Proposes City Price Control

NEW YORK, Sept. 25.—(INS)—A bill to establish city control over food prices similar to the municipal rent control law will be introduced today in the New York City Council.

The bill will be presented by Councilman Eugene P. Connolly, American Labor party member, with the primary purpose of returning wholesale and retail food prices in New York to their levels of June 30 and holding them there.

The measure could create a temporary food price control commission, patterned after the city rent commission. It would penalize violators with up to 90 days imprisonment and a \$500 fine.

Opposition to the bill was anticipated from the Democratic majority in the form of a counter measure comprising far less drastic action.

### MAMA'S GIRL NO LONGER

PHILADELPHIA, Sept. 25.—(INS)—Blondie, a 13-month-old orangutan, no longer is a "mama's girl."

After weeks of waiting, keepers at the Philadelphia Zoo succeeded in separating Blondie from her proud mother. Mama has steadily refused to separate herself from Blondie despite lures of bananas and other threats.

Keepers finally got the baby by luring it through an open cage door and then slamming it shut in the mother's face. Blondie was taken so her diet could be supervised.

### Governor Stays Two Executions

HARRISBURG, Sept. 25.—(INS)—Two slayers slated for electrocution at Rockview penitentiary today had reprieves until October 20 from Gov. James H. Duff.

He stayed the electrocution of Mike Bubna, of Erie, on the advice of the State Pardons Board which will consider a plea for clemency during its October 15 meeting. Bubna was slated for electrocution October 6.

Bubna, who has appealed to the State Supreme Court for a new trial, was convicted of slaying Robert

Fischer March 4, 1946. The Appellate Court upheld the lower court's sentence May 26, 1947.

The governor also approved a reprieve for William Chavis, of Philadelphia, slated for the chair September 29. Chavis has appealed to the U. S. Supreme Court for certiorari.

### Cancel Meeting Of School Board

No meeting of the school board was held Wednesday night. The board decided that several matters which were thought to require a special meeting could wait until the regular meeting on October 15.

### EX-M'KEESPORT MAYOR EXPIRES

McKEESPORT, Pa., Sept. 25.—(INS)—Funeral services have not been completed for former Mayor George H. Lysle, 80, of McKeesport, who died in his home of a heart attack.

A descendant of the McKee family, which founded McKeesport, Lysle served the city as mayor and councilman for almost a half century. He was a councilman from 1894 to 1913 and as mayor from 1914 to 1942.

Lysle bitterly opposed the unionization of steel workers during the 1919 strike but lived to see all mills in the area under union control.

### REGISTER TONIGHT

If you are a citizen and you are not registered for the fall election you can register tonight. A. Lewis Conn, chief clerk of the Permanent Registration Bureau, will keep his office open tonight until 9 o'clock, also on Friday and Monday night until 9 o'clock. Saturday the office closes at noon. Monday night is the last opportunity to register.

Tuesday of next week will be too late. The registration books close Monday night and after that no one will be permitted to register until after the November election.

### GIVES WIFE MONEY

In an order handed down by Judge John G. Lamoree, Nellie M. Stirling of Ellwood City, is given the \$350 in her husband's bank account and William J. Stirling, her husband, is ordered to pay her \$100 per month on a non-support charge. If he does not pay, the real estate held in joint title is to be given to the wife.

The case was heard before Judge Lamoree Wednesday morning. The wife testified that when she and her husband were married she had some property which they sold and bought

### Never Ignore An Itchy Scalp

Noted Hair and Scalp Practitioner Tells Why

Itchy scalp? Often harsh shampoos with alcohol, alkaline or acid ingredients are to blame. They irritate the scalp... often lead to serious scalp disorders.

Unlike ordinary shampoos, Dr. Shiffer's Special 101 Formula Shampoo was developed for use in professional treatment. Dr. Shiffer's Shampoo completely removes all dirt, dandruff and surface bacteria... yet is gentle enough for a baby's scalp. A few drops work up quickly into a rich lather in either hard or soft water. Rinses easily leaving the scalp feeling refreshingly clean... and free from itch. For additional protection between shampoos try Dr. Shiffer's Hair and Scalp Conditioner.

At all drug and department stores. If not completely satisfied, return unused portion direct to Dr. Shiffer for immediate refund.

# Truman To Talk To Chest Drive Workers Friday

President's Talk To Be Aired Coast-To-Coast In Launching Of Annual Drive

President Truman will address the nation tomorrow night, September 26, in a salute to the volunteer workers of the Community Chests of America. The president's talk will be carried by all major networks during the course of a half-hour program from 9:30 to 10 p. m. E. S. T., opening the fund-raising campaigns of Community Chests throughout the country and will be heard here over station WKST.

George P. Winter, Jr., campaign chairman, will conclude the program responding to the president on behalf of the 250 local volunteers, charged with raising \$102,000 for the local Community Chest. This is the amount needed to keep our Red Feather health and welfare services functioning through 1948.

Starting At 9:30 p. m. E. S. T., a nation-wide hookup will bring in chest workers and entertainment from all sections of the country before the president speaks.

Close to a thousand Community Chests will be campaigning for funds during the next month for some 12,000 Red Feather services. The combined goal is \$168,000,000, largest amount ever sought by the chests in peacetime. H. J. Heinz II, volunteer chairman of Community Chests of America, estimates that a million volunteer workers will be devoting their time and energy to raising this amount. It is these men and women whom the chief executive will salute on September 26, while urging the whole-hearted support of all other Americans.

The walrus lives in northern waters near polar regions in small herds.

# First Methodist Sunday School Names Officers

Sunday Will Be Observed As Rally Day At Downtown Church; Department Program Arranged

At a meeting of the Board of Education of the First Methodist church, North Jefferson street at North, held Wednesday evening, in the church, officers who will preside during the coming year were elected, with C. T. Phillips named as general superintendent of the church school.

During the evening, final plans were made for the annual rally day service of the church school. The service will be held next Sunday morning, at 10:30 o'clock with the newly elected superintendent presiding. A full program has been set up at which time all the departments of the school will participate.

In addition to the superintendent, the following officers have been elected: Children's division supt., Miss Mildred Burleson; Young Peoples division supt., Michael Bowdon; adult division supt., Worrell Jones; secretary, Mrs. Fred Brinkley; financial secretary and treasurer, W. A. Myers; temperance supt., Miss Alma Locke; cradle roll supt., Mrs. Sam McBride; beginners dept. supt., Mrs. Dallas Sloan; primary dept. supt., Mrs. S. R. McCleary; junior dept. supt., Mrs. George Morris; teen age dept. supt., C. H. Coates; Young Peoples dept. supt., Arthur Walters; librarian, Mrs. Mildred Cavill; assistant librarian, Mrs. Ed. Foster; statistical secretary, Mrs. J. L. Emery.

## FIND INFANT'S BODY

PITTSBURGH, Sept. 25.—(INS)—An infant boy was found dead today under a bridge in Pittsburgh by city workmen and paper stuffed into the child's mouth led coroner's deputies to believe the infant had been murdered.

About three months old, the body was wrapped in newspaper with a red dress bundled around the outside.

English Hooks, a city employee discovered the babe.

## FORMER CORONER DIES

SHARON, Pa., Sept. 25.—(INS)—George Morgan, former Mercer county coroner died today in his home in Wheatland following a long sickness. He served as Wheatland tax collector and justice of the peace before being elected coroner.

## "Old at 40, 50, 60?" — Man, You're Crazy

Forget your age! Thousands are peppy at 70. Try "peppy up" with Oster. Contains tonic for weak, run-down feeling due to lack of iron which many men and women call "old." Try Oster Tonic Tablets for new pep, vigor, younger feeling, this very day. Regular \$1.00 size only 70c. At all drug stores everywhere—in New Castle, at Eckerd's & New Castle Drug.

## TWO COUNTIES WILL GET EXPERIMENTAL HIGHWAY RADIOS

Word has reached Alfred Martin, county highway superintendent, that two counties, Erie and Cambria, would receive experimental radio equipment for their highway equipment, in the program which will eventually connect all departments in the state with the communication system.

The cars and machinery in the two counties will be hooked up before winter and if the experiment is a success the program will be carried out throughout the state of Pennsylvania. The plan will aid materially in getting men and equipment to areas where needed much quicker than has been done heretofore.

Although there is quite a difference of opinion as to just when the first Christian church was actually built, many historians claim the first church was erected at Antioch, probably about 50 A. D.

### State Capitol

## Await Report On Liquor Vote

**State's Liquor Monopoly To Receive Report On Local Option Vote**

### OTHER NEWS OF STATE AFFAIRS

HARRISBURG, Sept. 25.—(LNS)—Pennsylvania's \$200,000,000-a-year liquor monopoly apparently has few qualms about accepting as valid the results of local option voting compiled by the Pennsylvania brewers association, a front-line lobbying outfit. Instead of making an original compilation, the board will wait until the association completes its report before making an evaluation of the September 9 balloting. . . . the association is located at Philadelphia. . . . when asked, Chairman Frederick T. Gelder did not deny the association's part in the compilation but neatly sidestepped pertinent questioning by saying that the work was being done in the publicity office. . . . That much was true, only the publicity office must rely on the association for an initial report.

Thirty five utilities asked the public utility commission to approve rate increases between January 1 and September 1. . . . the services covered water, gas, electricity, telephones, steel and oil transmission. . . . Annual revenue increases asked ranged from the West Penn Power Company's \$80,000 down to \$133 for the Heberling rural telephone company in Upper Merion township, Cumberland county. . . . The increases asked by West Penn, operating in 15 western Pennsylvania counties, was a little more than 2.9 per cent of present revenues while the rural telephone firm's amounted to 2.3 per cent. . . . Increases asked by electric and natural gas utilities were sizeable and apparently represented increased operating costs.

The so-called "merit" yardstick for determining salary increases authorized by Governor Duff for the state's 40,000 workers has been criticized loudly by AFL unions representing some institutional workers, which recently established several new locals, voiced sharpest criticism. . . . Business Representative Robert P. Lonergan claimed boosts ranged from only three to six per cent in most state hospitals. . . . The amount and lack of uniformity was unsatisfactory, he said. . . . "One of the most critical problems before the state is obtaining and keeping efficient personnel at mental hospitals due to the somewhat unpleasant and depressing nature of the work," Lonergan asserted. He predicted the pay scales would not reduce personnel turnovers or attract what he called competent workers.

Visitors to the state capitol view the impressive rotunda dominated by a wide sweep of marble steps and frequently comment on their beauty. Much of the credit for the gleaming beauty goes to another of the unsung workers on Capitol Hill whose tasks, while seemingly unimportant, are just as vital as any cabinet function. . . . He is Frank Marzoff, of Harrisburg, charged with keeping the marble on the first floor of the main capitol building clean at all times. . . . Marzoff said he mops the steps at least once a week, sometimes more often, and about every three months restores the luster by scrubbing. . . . He gets down on his hands and knees to do the job? Using a special cleaner in the water. . . . the staircase was copied from the one in the grand opera house at Paris, France.

## Plan To Present Red Cross Charter At College, Oct. 1

Lawrence county chapter of the American Red Cross will officially present a charter marking the formation of a college unit at Westminster on Thursday, Oct. 1. The ceremony will be held in the chapel building at 11:40 a. m. and will be repeated at 1 p. m. The new unit will work under the supervision of the local chapter and will mainly busy itself with work concerning hospitalized veterans.

The great survivors of the Ice Age are the cypress and redwood trees of America and the ginkgo trees of China.

## High School Grads Offered Choice Of Schooling In Army

High school graduates can apply for and be authorized to attend specific army schools at the completion of basic or refresher training, it was announced today by M-Sgt. Charles P. Walsh of the local army and air force recruiting station. In order to be eligible the appli-

cant must be a male high school graduate or possess state certificate attesting to the fact he has the equivalent of a high school education. He must also enlist in the regular army unassigned for a period of three years in a grade not higher and Pfc and be eligible and qualified for enlistment under current regulations. There are many fields which the schools cover, Sgt. Walsh said. These include mechanics, construction, electrical and radio, medical, technical, clerical, crafts and machine shops. There is a total of 95

schools under these fields which are open to applicants. Application blanks and further information are available at the army and air force recruiting station located in the Post Office building.

## RED CROSS BOARD MEETING THURSDAY

Mrs. Elizabeth Gillespie, executive secretary of the county chapter, American Red Cross, today announced that there will be a meeting of the board Tuesday evening at 8 o'clock in the chapter house.

## GARY W. BREHM IS NOW CORPORAL

Word has been received here that Gary W. Brehm of North Mercer street, stationed at Korea in the Pacific, has been promoted to corporal. Cpl. Brehm is assigned to the demolition department in charge of the dynamite. He is the son of Mr. and Mrs. R. W. Brehm, North Mercer street, and has been in the service for over a year. Lev Davidovich Trotsky's real name was Bronstein.

## Declares Law Does Not Give Estranged Wife Half Of Income

PHILADELPHIA, Sept. 25.—(INS)—State Senator John W. Lord, Jr., of Philadelphia, author of the state's new community property law, maintained today that the legislation does not compel a husband to divide his income equally with an estranged wife.

The senator's statement followed a ruling of Greene county court Judge I. W. Hook, who directed a miner to pay his wife half of his \$250 monthly earnings instead of a court-fixed amount as in the past to support herself and a child.

Lord explained that "the law makes no such provision", adding that "the decision is also contrary to rulings of courts in other states having community property laws".

"The only way in which community property can be divided is by divorce or death", he said. "A wife has no more right to demand half the husband's income in case of separation, than she would have to show up every pay day and ask his employer for half of his wages".

The law, which went into effect Sept. 1, was designed to permit couples to split their income tax returns. It was estimated the law would save Pennsylvania couples about \$100 million a year in income taxes.

## Dominican Rebel Force Under Siege

SANTIAGO, Cuba, Sept. 25.—(INS)—An expeditionary force of Dominican rebels was reported under siege by Cuban army and navy forces on Cofites island today after its invasion vessel was turned back by an American warship.

The newspaper Prensa Libre reported 1500 members of the revolutionary force were blockaded on the little island off Neuvitas on the north coast of Cuba 340 miles southeast of Havana.

The account of Prensa Libre declared that the revolutionaries, who seek overthrow of the regime of President Gen. Rafael Trujillo, were besieged by Cuban forces when they returned to Cofites after their invasion craft was intercepted by an American naval vessel.

Cofites is situated approximately 275 miles west of the northwestern tip of the Dominican republic.

The newspaper said that up until the time it went to press the Dominican revolutionaries had turned down all demands by the Cubans that they surrender their arms.

## Ex-Marine Shows How He Murdered 11-Year-Old Niece

PHILADELPHIA, Sept. 25.—(INS)—A preliminary hearing before a magistrate was scheduled today for George A. Neill, 22, after he staged a dramatic re-enactment of the slaying of his 11-year-old niece, Isabelle Mallon, on a barren North Philadelphia lot.

The baby-faced Marine combat veteran led police to the scene yesterday and knelt down near a clump of weeds, saying: "Here is where I strangled her."

Neill, who gave police an alleged confession of the slaying after his capture on a Rockville, Md., dairy farm, told detectives: "I've admitted everything up to now. I'm not going to hide anything now. I won't lie."

The child's body was found on the lot last Saturday, two weeks after she had disappeared. In his reported confession, Neill said they had been walking across the lot and she embraced him, causing him to become "highly nervous." He then "blacked out," he maintained.

**RED HEADQUARTERS BLASTED**  
MILAN, Sept. 25.—(INS)—The Communist party headquarters at Milan was demolished today by a bomb that had been left at the entrance.

The thunderous blast damaged surrounding buildings, but there were no casualties.

## Optimists Not To Meet Tonight

New Castle Optimist club will forego their regular meeting tonight to hold a social evening with the "Opti-Mrs." Saturday night, it was announced today by President Al Garren.

Plans for "Optimist Week" are progressing well, and projects for fund-raising for more boys' work are also advancing it was pointed out.

The iron and steel industry was the second largest user of electricity among the consuming groups in 1946, using 19.4 billion kilowatt hours of electric power. The chemistry industry was first.

**WAGE INCREASE AVERTS WALKOUT OF RAILROADERS**  
PITTSBURGH, Sept. 25.—(INS)—A 16½ cent an hour wage increase today averted a scheduled strike for Friday of 1400 non-operating employees of the Union Railroad in Pittsburgh.

The railroad is a subsidiary of U. S. Steel.

A joint statement issued by management and the United Steel Workers stated that increase is retroactive to September 1, in addition to a 15 cents which is retroactive to June 1.

Two weeks ago the operating employees, members of the AFL Brotherhood of Locomotive Trainmen and Locomotive Engineers, ended an eight day strike with a 15 cent

hourly wage increase, plus fringe benefits.

The railroad serves all Carnegie-Illinois Steel plants in the Pittsburgh area.

The area of Japan proper, including the islands of Honshu, Shikoku, Kyushu and Hokkaido, is less in size than the state of California.

¼ cup Pet Milk  
1 tablespoon unflavored gelatin  
¼ cup cold water  
2 well-beaten eggs  
¼ cup sugar  
¼ teaspoon salt  
½ cup water

½ teaspoon grated lemon rind  
½ cup lemon juice  
¼ cup graham cracker crumbs  
2 tablespoons melted butter or margarine

Chill milk until icy cold. Soften gelatin in cold water. Mix together beaten eggs, sugar, salt, water and lemon rind. Cook and stir over boiling water until slightly thickened. Add softened gelatin; stir until dissolved. Remove from heat; stir in lemon juice. Chill until syrupy. Mix together crumbs and butter. Press on bottom and sides of greased deep 9-in. pie pan. Whip chilled milk with cold rotary egg beater or electric beater until stiff. Fold into chilled lemon mixture. Put into crumb-lined pan. Chill until firm.

You Will Need:

## Forty Hours At St. Michael's

Opening On Friday Morning At  
9 O'Clock Mass; Solemn Closing  
On Sunday Evening

Forty hours devotion at St. Michael's church will start Friday morning with a 9 o'clock mass of exposition, followed by procession with the altar boys and clergy participating.

The Blessed Sacrament will be exposed all day for the devout who will offer prayers. Friday evening and Saturday evening services will be at 7:30 o'clock, with sermon and benediction of the Blessed Sacrament.

Solemn closing of forty hours will be Sunday evening at 8 o'clock. The litany, procession and sermon will be conducted during services, and solemn benediction of the Blessed Sacrament will bring the services to a close. Rev. Fr. William M. Pisarek is the pastor of the church.

D. 6; Mrs. Helen Rozzi and daughter, 213 W. Madison avenue.

Thomas Torquemada, confessor of Queen Isabella and inquisitor-general of Spain, is reputed to have been responsible for the burning to death of 10,220 persons and condemning 6,860 to be burned in effigy during the 18 years of his inquisition.

## Society & Clubs

### Mable Wilson Lodge Meets

Mable Wilson Lodge No. 567 met Wednesday evening at 8 o'clock in the lodge rooms when the group made tentative plans for a wiener roast.

It was decided to accept an invitation to visit Silver Star lodge in Youngstown at one of its October meetings.

The birthday of Mrs. Rose Mullen was celebrated and the door prize also went to Mrs. Mullen. Later games were in play.

Afterward a lunch was served with Mrs. Gurn Rapson, Mrs. Clair McConnell, and Mrs. Clair Uber as the committee in charge.

### Second Birthday Celebrated

To celebrate the second birthday of Carl E. Lundeen II, a group of 25 guests were entertained by Mr. and Mrs. Carl E. Lundeen, "Cookie's" parents, at their home on R. D. 6, September 20.

Games were a pastime and refreshments were served at an appropriate hour by the hostess aided by Mrs. David Matthews, Mrs. James Cypher, and Mrs. John Coughlin.

Out-of-town guests were Mr. and Mrs. Paul Crocker and Miss Betty Crocker, of Butler.

### First Family Reunion

Descendants of William P. and Ellen Lutz Smith gathered Saturday at Gaston Park for their first reunion.

Sports were the main entertainment of the day with a picnic lunch served at noon and a picnic supper in the evening.

Officers and committees to make arrangements for another reunion next year at the same time and place were named.

### Former Resident Engaged

Announcement has been made in Lakewood, O., by Mr. and Mrs. C. Lester Klingensmith, former residents of this city, of the engagement of their daughter, Betty Jane Klingensmith, and William A. Crawford, of Lakewood.

No wedding date has been set.

### Friday

Spoon club, Mrs. Herbert Phillips, Butler.

East Brook Garden, corn roast, Mrs. Frank Waddington, hostess.

Butler Girls, Mrs. Roy Ringer, 623 South Ray street.

### SHENANGO TOWNSHIP AUXILIARY TO MEET

Ladies auxiliary to the Shenango township volunteer fire department will meet in the hall at East New Castle on Friday, September 26, at 8 o'clock.

Mrs. Martha Houk and Mrs. Samuel Crable will be hostesses. A paper demonstration will be given at the meeting.

## Artist To Address Franklin Students

Artist Charles E. Pont, who is holding a series of meetings at the City Rescue Mission, will be heard during the chapel period of the Ben Franklin junior high school from 2:50 to 3:30 Friday afternoon, it was announced today.

Mr. Pont will also be heard earlier Friday at the Wurtenburg school, near Ellwood City. At both schools, lectures on art will be given to the student bodies.

Last evening at the City Mission Rev. Pont spoke before a nice sized audience, addressing his listeners on Christ's admonition, "Follow Me". The picture drawn centered around the theme. The City Mission trio was heard in several numbers.

Artist Pont, who is speaking nightly at 7:45 o'clock, is a living miracle, having been raised from a death bed. He served 20 years as a commercial artist before entering the gospel work. The series closes on Sunday evening, with a mass rally planned at 2:30 p. m. Sunday.

## CHICK PRODUCTION SPURRED IN STATE DESPITE COST RISE

HARRISBURG, Sept. 25.—(INS)—Chick production was being spurred in Pennsylvania today despite peak poultry feed and labor costs.

The state agriculture department reported 1,470,000 chicks were hatched during August, a gain of

nearly a half million over the same month of 1946.

Hatcheries turned out 56,710,000 chicks between January 1 and September 1, boosting output one per cent above that of the identical period last year, the department added.

"Farmers bought 50 per cent more chicks this August than last," it said, "and hatching eggs are now scarce and high priced."

High prices were blamed for

forcing chick production during the summer of 1946 to the lowest mark in 10 years.

### TWO-FACED CAT

CHARLESTON, W. Va., Sept. 25.—(INS)—Attendants at a small animal hospital in Charleston today said "Squeaky" a kitten born with two faces on one head failed to survive a medicine dropper feeding diet and died yesterday.

## See No Shortage Of Coal In State

If Production Continues At  
Present Rate Common-  
wealth To Have  
Enough Fuel

By SUZANNE FLICK  
(A. N. S. Staff Correspondent)

HARRISBURG, Sept. 25.—There will be no fuel shortage in Pennsylvania this winter is coal production continues at today's rate.

The state mine department reported bituminous output was 16 per cent ahead of last year and the shortage of mine cars was the only handicap in view to full production of anthracite, running 8,000,000 tons below last year.

"Pennsylvania will mine about as much coal as last year and much more than most other

years," forecast Secretary Richard Maize.

Miners dug 92,790,000 tons of soft coal between January 1 and September 1 this year, he pointed out, compared with 76,784,000 tons during the same period of 1946.

Production of anthracite during the same periods was 37,000,000 tons this year in contrast with 45,000,000 tons in 1946.

"If we can get sufficient railroad cars, we may be able to make up the loss between now and the end of the year," Maize said, "but we would have to bring up approximately 6,000,000 tons a month compared with the average 5,000,000 tons of last year."

Approximately 20 per cent of the hard coal produced annually was consumed in Pennsylvania while an estimated 6.6 per cent was shipped abroad.

**Overseas Shipments Up**

The anthracite committee said monthly overseas shipments had increased during the summer when "surpluses" of fine-sized anthracite was exported after being rejected by domestic consumers.

Secretary Daniel Corgan said the total shipments between January 1

and August 1, amounted to only 2,000,000 tons, sixty per cent of which constituted coal particles suitable only for use by power plants.

No figures were available on the amount of bituminous disposed of on Pennsylvania markets and that sent to Europe.

The 1947 bituminous yield was estimated at 139,000,000 tons compared with 123,567,000 tons in 1946. About 49,000,000 tons of anthracite have been mined compared with 56,000,000 tons last year.

Maize said the figures possible would be adjusted upward for bituminous yields and might be increased for anthracite if the much-needed mine cars were forthcoming.

**PITTSBURGH ATTORNEY DIES**

PITTSBURGH, Sept. 25.—(INS)—Funeral services will be held Friday in Somerset for Budd B. Boos, 61-year-old Somerset attorney who died last night in Mercy hospital in Pittsburgh following a 17-day illness.

Boos, a director of the Somerset Trust Co., was a member of the law firm of Boos, Coffroth & Boos, and a brother of Somerset County Judge Norman T. Boos.

## Senator Would Revise Taxes, Delay Reduction

WASHINGTON, Sept. 25.—(INS)—Sen. McClellan (D) Ark., Wednesday called for early tax revision but delay in tax reduction until the extent of the Marshall plan is finally determined.

At the same time, McClellan served notice that he will renew his fight for revamping the income tax laws to eliminate the advantages of more favorable deductions that are held by married taxpayers in "community property" states.

In an interview McClellan de-

clared that "tax revision should be enacted, irrespective of what we do in Europe."

The Arkansas Democrat asserted that a further reason for handling the revision question first is that it is expected to reduce federal revenue by one and one half billion dollars a year.

He announced his opposition to any tax reduction bill "until the question of the Marshall plan is resolved."

McClellan gave notice that he will renew his fight for "equalizing"

community-property states with others — which the Senate turned down when it was offered as a tax reduction bill amendment. He said that on a Senator's former \$12,500 salary, he pays \$647 more in federal income tax than a Senator with the same number of dependents from a "community property" state.

The orchid family numbers some 400 plants and species estimated to be between 5,000 to 15,000. There are flowers the size of pearls and as large as eight inches.

## Mail Swindle Warning Given

PHILADELPHIA, Sept. 25.—(INS)—Postal inspectors issued a warning Wednesday on a new mail swindle, which, if you don't take their word for it, will cost you \$100 to find out for yourself.

The deal involves a 10-year-old Uruguayan boy, whose very rich father wants to have educated in

the United States. An "a Tausig Shick" of Montevideo, the inspectors said, is the intermediary between the wealthy father and families who would give the boy a foster home for the next seven or eight years at \$150 a month.

Prospective foster parents who write to Shick are advised that they are acceptable, and for a fee of \$100, he will close the deal.

Peter Jefferson, father of Thomas Jefferson, bought 200 acres of Virginia land for a bowl of punch.

# New Castle Awaits Invasion of Sharon High Tigers Friday At Stadium

## Another Sellout Crowd Indicated

### Week's Scholastic Gridiron Fireworks Will Start Tonight

Terrific Interest Being Shown As "Red Hurricanes" Prepare To Twist Tigers Tail

New Castle Has Weight Advantage, Kickoff Slated For 8 O'Clock, EST

"Hold that Tiger" is a quite common expression at Senior High this week, and it will be even more pronounced Friday night at the stadium, as the Sharon High Tigers invade the home of the big "Red Hurricanes". New Castle High team. The kickoff slated for 8 o'clock will find a tremendous crowd in the stands.

Final polish is being applied to both teams today by their respective head coaches Phil Bridenbaugh of New Castle and Dave Stewart of Sharon. Defenses are being brushed up and offensive attacks planned to produce touchdowns.

Good Pass Defense  
New Castle High will have to have a good pass defense to stop "Terrific" Jones the Tiger signal barker, who does a fair job of throwing the

SEASON'S RECORD	
New Castle

Sharon	
6 Har-Brac	25
20 Stowe Twp	0
9 Erie Strong	0

glorified pigskin. Also Bridenbaugh will have to cope with Sharon's defensive play which has been getting better every game.

With a weight advantage in their favor, the local sons are expected to make it hard for the Sharonians to get started. Jones won't be too effective at passing if he is rushed, that's for sure. If New Castle's big forward wall can crash through the left side of the Sharon line Jones will be somewhat perplexed.

New Castle Heaviest  
The indicated New Castle starting lineup Friday will average 180 on the line and 171 in the backfield. Sharon's line will average 170, and the backfield 161. New Castle has about a ten pound pull per man on the visitors. Mangino 193 in at left tackle would increase the New Castle line weight and Clause in at fullback would add a little more heft in the backfield, however both Mangino and Clause have been announced as first string replacements for Friday.

From Sharon comes word that star left-half Bill Ruffo 160 pounds, may not start at New Castle, being bedded with a sore throat and Gene Sewell another fine halfback is still out with a broken bone in his wrist. Big Paul Kawana will start at fullback for Sharon, having been converted from a tackle post which he held last year. Kawana goes 188 in weight.

### Bessemer, Union Meet Tough Foes

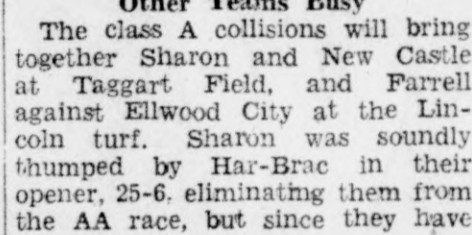

Ellwood, New Castle And Shenango Will Be Busy Friday Night Under Lights

Two class AA scraps and three "B" tussles feature this week's county grid card with Bessemer and Union meeting strong foes tonight in the opening salvos.

The Centenners, with one victory and a loss will entertain Lowellville at the Cement City field beginning at 8 p. m. Union draws the unbeaten Evans City "Big Red" in a headline battle at the Scotland Lane turf. This clash is also scheduled for 8 p. m.

Coach Eddie Nahas' Shenango high "Wild Cats", with a win over Mercer 6-0, return to action in the latter's field, Friday night.

Other Teams Busy  
The class A collisions will bring together Sharon and New Castle at Taggart Field, and Farrell against Ellwood City at the Lincoln turf. Sharon was soundly thumped by Har-Brac in their opener, 25-6, eliminating them from the AA race, but since they have

**INJURIES HURT BESSEMER TEAM**  
Bessemer high, awaiting the kick-off against Lowellville, O. tonight, will be definitely without the services of "Hank" Pezzullo, their big fullback, and mauler also, Joe Leonard Lombardi, first-string tackle.

Pezzullo tore the cartilage in his right knee in practice and Lombardi is nursing a bruised leg. To take up the slack in the backfield, Coach Bill Ciccone will shift Schaville to full and either Sammy Tiratso or Chuck Stanley to the signal-calling slot. Tommy Shaluga may inherit the tackle post.

Lowellville has lost to Struthers, 6-33 and pasted Goshen, 20-0.

bounced back humbling Stowe Twp. 20-0 and taking Erie Strong 14-0. New Castle owns one AA scalp, over Butler, 39-0 and have chastised two non-league foes, Erie Strong, 14-0 and Youngstown East 20-2.

Ellwood will be seeking its first win of the season against Farrell, having already dropped two AA battles, to Brownsville, 0-24 and Rochester, 0-21. Farrell topped Greenville 18-6, tied Meadville, 7-7 and last week lost to Vandergrift 0-12.

Union Meets Jugernaut  
Union high's "Scotties", who last Saturday broke into the win column against George Junior Republic after bowing to Grove City and Mars, will play hosts to the powerful Evans City "Big Red", and will be definite underdogs. The Butler countians have swept aside Mercer, Rimersburg and Bessemer and have yielded but one score in their three games.

The schedule for the week adds up to some crackling football, with the spotlight at Taggart Field where the unbeaten Red Hurricane will try to keep its AA hopes alive against the always dangerous Sharon Bengals. The Bridenbaugh-men are one of seven undefeated teams left in the fast-diminishing high school ranks.

It took a strike to do it, but students at the Oakdale high school got their football team.

### County League Dinner Oct. 25

At a special meeting held last night in the Sporting Goods store, it was decided to hold the annual banquet of the Lawrence County Baseball league Saturday, Oct. 25. The dinner will be served at the Castleton hotel and will principally honor the Ellwood Moose, this year's champions.

It was also agreed upon to hold a "stove-league" confab January 28 for officers and managers at which time plans for the 1948 season will be gone over.

Shaffer - Rainey Star As Columbus Club Tops Indies

Score Is 17 To 3 Wednesday At Flaherty Field, In First Game Of Series

PLAY SUNDAY AT CHMURA FIELD

Displaying terrific batting power, led by the veteran Albert "Monk" Rainey with five hits, plus the clever Fred Shaffer, the Columbus club amazed the fans who turned out at Flaherty field last night, for the city championship series opener, by blasting out a 17 to 3 triumph over the Lawrence Indies.

Thus the Columbus club managed by the former local star Michael Orlando, now holds the edge in the five-game series as the scene shifts Sunday afternoon to the home of the Indies, Chmura recreation field off Atlantic avenue for a 3 o'clock battle.

Rainey Five Hits  
"Monk" Rainey had his batting togs on last evening, getting five for six trips, including a triple, two doubles and a pair of singles. Jimmy Tropea had a pair of triples as his contribution, and other power hitters for Columbus were: Babs Orlando, Shaffer, Abie Orlando and Henry Marshall.

Manager Hoss Zidow started Earl Richeal on the hill, the Beaver Falls hurler, doing a good job until the third inning when he was hit by a Shaffer pitch on his hurling hand, and the Columbus club started belting him, getting four in the big third frame. Richeal gave way to Henry Koszela in the sixth inning.

Magusiak Hit Homer  
The longest hit of the game and there were plenty of them, was made by Johnny Magusiak, the Indies star shortstop who blasted a Shaffer pitch over the deep left-center field fence, in the first inning with no men aboard. Shaffer bore down after that and fanned six batters, as he scattered seven hits, in a great exhibition.

The Columbus club batters banded in four more runs in the fifth inning, three in the sixth, climaxed their great slugging exhibition by batting in six more in the eighth inning, as they drove Koszela off the mound and Johnny Magusiak finished on the hill.

Brilliant Afield  
Besides turning on the "batting power", the Columbus club team fielded brilliantly having but one bobble, a wild throw by Babs Orlando in the ninth inning. On the other hand the Indies looked ragged having six costly errors at critical stages in the game.

It was a jubilant Columbus team that walked off the field with the lopsided victory in what was billed as a close hard fought battle, the Indies defense simply fell apart and the Columbus quickly took advantage. The Indies are anxious to avenge the defeat Sunday on their own ball field, and will pitch Johnny Russu against either Fox or Rainey, it was indicated.

Brown To Represent Council At Meeting

Northwest division of the Pennsylvania Federation of Sportsmen will meet at Tionesta, Sunday afternoon. The meeting will be held in the Weaver hotel. An election of officers will be held and other business transacted. Forst County council will be host to the division and will provide a trapshoot and other activities prior to the business session. Lawrence County's Sportsman's council will be represented by E. E. Brown.

Colorado, now officially the seventh member of the Big Six, won't partake in this year's title race due to previous schedule commitments.

### Titans-Rockets Clash Saturday Brings Tension

Coach Mel Hetzler Starts Polishing Off Westminster's Offensive Attack

NEW WILMINGTON, Sept. 25.—Opening game tension has gripped the Westminster college campus as Coach Mel Hetzler begins to put the finishing touches to his Titan grid-dens for their opener Saturday with Slippery Rock Teachers here.

Advance reports from the Rocket camp indicate that the Teachers have a powerful aggregation and are expecting a much better season than last year when they tied the Titans in the opener 0-0.

The Titan footballers heard news that Tom Wilson, stellar Rocket back, may be ousted from his starting post. Wilson was the Rockets' main scoring threat last fall.

Depend On McDaniels  
Coach Bill Storer will bring an almost veteran team to New Wilmington bolstered by several outstanding freshmen, including a duo of all-state high school linemen.

Hetzler meanwhile is concentrating on bringing the sluggish Titan offense around to the place where it exhibits some scoring punch. Much depends on "Mickey" McDaniels, clever speedster from Chester, W. Va. McDaniels, hampered by injuries during the bigger part of the pre-season training, has been slow to round into shape.

Frankie Moran Beats Ainscough

Frankie Moran of New Castle, decided Jimmy Ainscough, of Barboursville, in six rounds in the Cleveland Arena last night. Moran took all of the rounds excepting the fifth. He has been rematched to box the eight round semi-final in Cleveland, October 8. He battles George Brown of Pittsburgh tonight in a bout, preliminary to the Chet Vincis vs. Sonny Horne bout at Youngstown.

Shenango Hi-Y Grid Eleven, coached by Eddie Smith of the colored branch of the Y. M. C. A., will tackle with the Mt. Jackson "Stars" tonight at 8 o'clock at Booker T. Washington field.

Lawrence County Coon and Fox Hunters Association will hold a corn and wiener roast in the grove at Cascade Park at 8 p. m. Monday. Coffee will be served. Members will be accompanied by their families.

### SHENANGO HI-Y GRIDDERS PLAY STARS TONIGHT

Shenango Hi-Y grid eleven, coached by Eddie Smith of the colored branch of the Y. M. C. A., will tackle with the Mt. Jackson "Stars" tonight at 8 o'clock at Booker T. Washington field.

### Football Calendar

Games Tonight  
Lowellville at Bessemer, 8 p. m. EST.  
Evans City at Union, 8 p. m. EST.

Games Friday  
Sharon at New Castle, 8 p. m. EST.  
Farrell at Ellwood City 8 p. m. DST.  
Shenango at Zelenople 8 p. m. DST.

The fortunes of Iowa State and Kansas State will lie in the hands of two new coaches, Sam Francis at Kansas State and Abe Stuber with the Cyclones. Neither, however, appears less than a year away from being a title threat.

### Finish 15-Inch All Dogs Today

Shenango Valley Beagle club continued its trials yesterday at the Volant course but it was found impossible to finish the 15-inch all dogs class. They probably will finish by noon today, and winners will be announced tomorrow. The meet, sanctioned by the American Kennel club, has proved outstanding.

Rex of Sunclip took the 13-inch All Age, Sunday, and White Art Bamby won the 13-inch female class Monday. Paul's Sally captured the 15-inch All Age female class Tuesday.

The 15-inch all dogs class was run yesterday and probably will be finished by noon today.

## HERE AND THERE IN SPORTS' LAND

**GEORGE WATERS**, Kirk Rupp, Bill Dukes and Wayne Sines, who have returned from a St. Lawrence river fishing trip were marooned on an island all night because of a storm. . . . Sugar Ray Robinson has signed to defend his welterweight title against Frankie Fernandez, Hawaiian champion at Honolulu, November 17, and against Cecil Hudson, of Milwaukee, in Madison Square Garden, New York, December 19. He already is booked for a non-title bout against California Jackie Wilson (formerly handled by Jimmy Dunn) at Los Angeles, October 28. Proceeds of this bout will go to the family of the late Jimmy Doyle who died from ring injuries suffered in a June title bout with Sugar at Cleveland. . . . Chet Vinci and Sonny Horne biff each other at Youngstown tonight. Frankie Moran fights George Brown. . . . Heywood Hale Brown of PM, New York, is being congratulated today. He was the only one of 63 writers polled by the U. P. last spring to pick the Yanks and Dodgers to finish first in their leagues. . . . Larry Cabrelli, one of the best defensive ends of the National Football League, has joined the coaching staff of the Philadelphia Eagles. . . . Curt Simmons, Wilmington's schoolboy sensation in the Interstate league, and Utica's Dick Koehler are slated to pitch the closing double-header for the Phillies Sunday, according to Hugh Fullerton, Jr.

## Titan Harriers Start Friday

NEW WILMINGTON, Sept. 25.—Harold Burry will steer his cross country team through an eight-game schedule opening Friday at Slippery Rock. The Titan harriers have been working out since early September.

Newcomers to the Titan ranks will make up most of the squad. But Burry will be counting heavily on a duo of veterans, Don Yound and Rennie Jackson. Charles Evans, the most consistent distance man last fall, has transferred to Akron university.

The schedule released by Athletic Director Grover C. Washbaugh today follows:

Sept. 26—Slippery Rock, away.  
Oct. 1—Geneva, away.  
Oct. 10—Slippery Rock, here.  
Oct. 15—Geneva, here.  
Oct. 18—Mt. Union, here.  
Oct. 25—Pitt, away.  
Oct. 31—Carnegie Tech, here.  
Nov. 8—West Virginia, away.

## Ellwood Trojans Resume Saturday

The Sportsmen club sponsored "Trojans", Ellwood City's semi-pro eleven, will be seeking its second win of the season Saturday night under the arcs at the high school field when they tangle with the McKeesport Vets of Pittsburgh. Kick-off is set for 8 p. m. DFT.

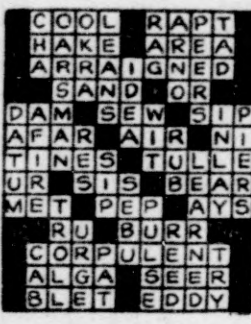

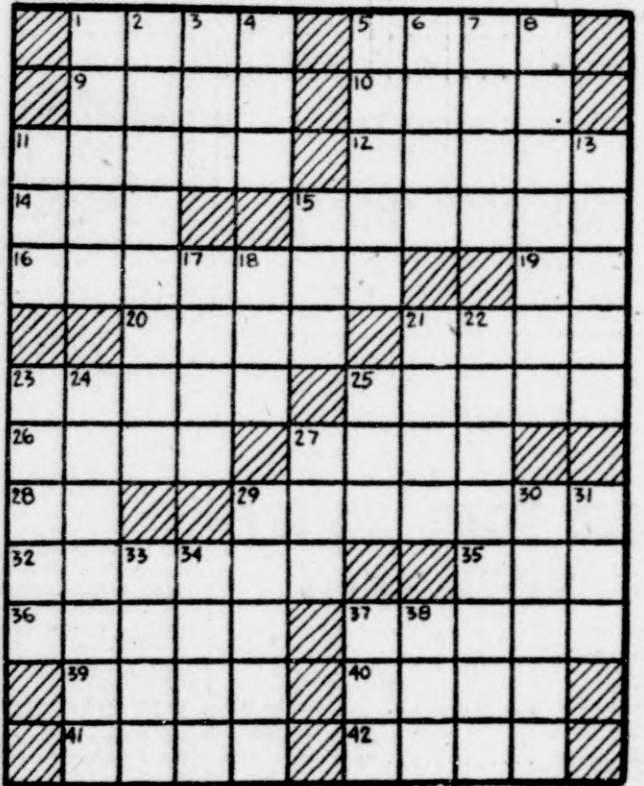

The Trojans made a fine impression on the local fans in their opener, slamming the Homewood A. A. of Pittsburgh, 25-0, and hope to keep rolling this week. The Vets will come with a powerful combine, it is reported.

The Cubs announced that they had recalled Schenz and purchased Walker.

CHICAGO, Sept. 25.—(INS)—The Chicago Cubs prepared to look over two acquisitions from their Nashville, Tenn., farm team, Catcher Al "Rube" Walker and Infielder Henry Schenz.

7. St. Louis	57	92	.383	38

GAMES TODAY  
Boston at New York.  
Cleveland at St. Louis.  
Philadelphia at Washington (night).  
Only games scheduled.

### Steelers Prepare For Rams Battle

BEDFORD SPRINGS, Pa., Sept. 25.—(INS)—Coach Jock Sutherland put his Pittsburgh Steelers through a series of aerial drills at their Bedford Springs training camp today in preparation for their Monday night contest with the Los Angeles Rams in Pittsburgh.

It is likely the same starting lineup, which successfully opened the season last Sunday against the Detroit Lions, will take to the field. That would mean Jansante and Davis at ends, Wydo and Wiley at tackles, Mastrogiorgio and Moore at guards, Cherundolo at center, Sobiechowski at quarterback, either Slater or Clements at left half, Sullivan at right half and Lach at the plunging post.

### Feller Pitches His 20th Win

(International News Service)  
Blazin' Bobby Feller proved that he still is the pitching ace in the American League by pitching a neat five-hit job against the St. Louis Browns for a 9 to 1 triumph.

It was Feller's 20th victory and marked the fifth straight year that he has won 20 or more games in a full season. Last year, Feller won 26 games.

## Thomas G. Allen Heads Kiwanis

Local Scout Executive  
Named President Of Local  
Service Club For  
Next Year

## NAME DELEGATES TO CONVENTION

Thomas G. Allen, executive of the Lawrence County Boy Scout Council, was elected president of New Castle Kiwanis Club for the coming year, at the annual election, held following the weekly luncheon meeting in The Castleton, Wednesday.

Other officers named, were: vice presidents, John R. Hodge and John A. McGrath; treasurer, R. L. Meermans; directors for three years, A. Kenneth Hener, Henry Lee Marvin and David Gattraill; director for one year to fill unexpired term of Ralph Z. Galbreath, Hon. R. L. Hildebrand. Delegates who will represent the club at the District Convention in Pittsburgh, October 9, 10, and 11, in the William Penn Hotel, are: retiring president, Joseph A. Hartman, Thomas G. Allen and Secretary L. C. Mantz; alternates, William R. Hanna, John A. McGrath and John R. Hodge.

The results of the Horse Show, held last month at Wampum, were reviewed, and plans were outlined for a series of entertainments which the club will sponsor during the fall and winter, along with other business of importance to the club.

PHILADELPHIA, Sept. 25.—(INS)—A federal grand jury probe of the Philadelphia Dock Street Market has been extended until after October 1 because of the disappearance of a "key" witness.

Investigators reported to Federal Judge Guy K. Bard that the witness had been subpoenaed to appear at the end of September. The jury is investigating the marketing and handling of fruits and vegetables in the Dock street area.

## Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, Sept. 25.—It could happen only in Hollywood. The temperature stood officially at 92 in the shade, but Joan Fontaine and Louis Jourdan were working in ankle-deep snow and slush.

It was a scene in old Vienna in U-I's "Letter From an Unknown Woman." Director Max Opals is a man who believes that when a script calls for snow and ice, there should be snow and ice—even if the stars are dying from the heat.

**Got Feet Wet**  
Your reporter got his feet wet, but seeing Joan sweltering in furs and Jourdan, the handsome underground fighter from France, basting in a heavy coat and woolen muffler made him feel his sacrifice had not been in vain.

It's simple to get December in September in Hollywood. You merely take 120 tons of ice and put it in a machine which powders it and sprays it all over the place.

Why is it that the hotter it gets the more knitting is done by the ladies? Maybe it's because it's cooler to move just their hands.

On the set of Republic's "End of the Rainbow" Marsha Hunt was finishing one of a pair of Argyle socks for her hubby, Bob Presnell Jr.

"Generally I knit him a pair on every picture," Marsha explained, "but with shorter schedules these days, I'll be lucky if I get this one finished. I'll make the other one on my next picture."

**Ann Knits Too**  
Over at Warners, Ann Sothern was sitting on the set of "April Showers" and frowning over another Argyle sock.

"Isn't that the darndest," she said, "I've lost a line some place and I can't figure it out."

Your reporter saw plain ordinary socks in a Hollywood store window the other day for 50 cents a pair. Couple of weeks ago a dollar was the minimum. Maybe the Hollywood men who haven't got Marsha Hunts and Ann Sotherns to knit for them have gone on a buyers' strike.

## Recreation Center Inspectors Find Quarters Safe

Committee, representing Swing Lobby, who with State Building Inspector Ritter of Sharon and a local architect, inspected the third floor, or Recreation center in the municipal building today, reported the recreation center had been found safe.

Charleston, S. C., claims to have the only Huguenot church in America. It was founded in 1687.

## American Culture Good For 'Dogs'— Psychologist Says

ANN ARBOR, Mich., Sept. 25.—(INS)—An English psychologist held today the root of American culture is something for the dogs.

Doctor William Stephenson of Oxford university told a University of Michigan audience that American children are deprived of freedom of thought and action. He recommended for one thing, that they be allowed to throw temper tantrums at will.

Doctor Stephenson said: "You treat children much as we treat our pet dogs in England. That is to say, you let the children run about, you feed them well, you give

them an occasional pat of affection, but you do not treat them as equals."

He continued: "Poets, artists—all creative persons—are . . . unapproachable. They have kept their thoughts and emotions to themselves and have preserved their individual freedom to develop their ideas for themselves."

The psychologist said America's "adolescent" culture requires the importing of its music and art from Europe.

## Notice

"I will not be responsible nor pay for any debts contracted by anyone other than myself."

ROY CANEN,  
Box 1212,  
Mahoningtown, Pa.

## OWN SKIN BETRAYS THIEF IN CHICAGO

CHICAGO, Sept. 25.—(INS)—James Stanberry, 41, Chicago, was held to the grand jury today accused by his own skin.

Police said Stanberry's skin matched a piece of skin torn from the hand of the thief who robbed a loop jewelry store last July 14.

The torn skin was found on a wire grating over the jewelry store's window. When police said Stanberry had a scar on the palm of his right hand, Judge Harry P. Beam ordered him held on five charges of burglary and fixed bond at \$10,000 on each count.

Pompeii and Herculaneum were destroyed by the eruption of Mt. Vesuvius in 79 A.D.

## FOUND DEAD IN STREAM GREENSBURG, Pa., Sept. 25.—

(INS)—The Westmoreland county coroner's office today said the body of James Gallagher, 45, of New Ken-

sington was found yesterday in Jack's run, a small stream near Greensburg. Gallagher had been dead 10 hours, the coroner's office reported.

## "If Winter Comes" And It Surely Will

These are glorious days, but just ahead are the snowy, slushy, freezing days. Days when your car should be in shape to combat the elements. Days when a proper set of brakes will save you a skid and some damage.

It's time to begin thinking about winterizing your car. Sure it's a bit early but the days flick by like a movie and suddenly it's winter. Better have your car prepared.
